I am requesting that you serve on the McNeese State University Compliance Review Steering Committee, a key component in the reaffirmation of accreditation. The Compliance Review Steering Committee will evaluate the University's compliance with Core Requirements, Comprehensive Standards, and Federal Regulations outlined by the Southern Association of Colleges and Schools Commission on Colleges. This team reports to the President and works closely with the Reaffirmation Leadership Team. The responsibility of the Compliance Review Steering Committee is to:

- Ensure compliance with the Core Requirements and Comprehensive Standards contained in the *Principles of Accreditation*.
- Show the process of assessment, planning and continuous improvement.

I appreciate your willingness to serve in this capacity. You will be contacted in the near future by the Reaffirmation Leadership Team regarding meeting times.

ROBERT D. HEBERT – PRESIDENT
