Student Opinion Survey (4-Year) Graphics Report
for
MCNEESE STATE UNIVERSITY
Code: 1594

Prepared by ACT Survey Research Services
June 4, 2007

Student Opinion Survey (4-Year) Graphics Report
For
MCNEESE STATE UNIVERSITY

Prepared by ACT Survey Research Services
06/04/07

This report provides graphical information for selected demographic items (e.g., age, race/ethnicity, sex) for your college and for a national normative sample. For all Likert scale items (e.g., 5-point Satisfaction scale), data are displayed for your institution's top and bottom five items as well as the five items with the greatest and least differences for your institution in comparison with national normative data. Please note percentages may not add to 100 due to the effect of rounding.

*The "National Norms" used in this report are based on 48,324 student records from 43 **public** postsecondary institutions that administered the ACT Student Opinion Survey between January 1, 2003 and July 31, 2006. Normative data of this type are often referred to as "user norms," because they simply represent a composite of the data obtained by a number of institutions that administered the instrument during a particular period of time. See the "Normative Data Report" for the Student Opinion Survey for more information concerning the nature of the national norms sample.*
