McNEESE ANNUAL SECURITY REPORT

Annual Security Report (ASR)

The McNeese State University combined Annual Security Report and Fire Safety Report (ASR) provides crime and fire statistics representing calendar years 2015, 2016, and 2017. Annual crime statistics are published and distributed to the University community. The annual crime statistics reflect the Uniform Crime Reports filed by the McNeese State University Police Department, referrals to the Office of University Services for alcohol, drug, and weapons law violations; and the reports of local law enforcement agencies. The ASR provides information to assist all members of the community—faculty, administrators, staff, and students—in taking appropriate precautions to enhance their personal safety and security. It includes University policies and procedures related to:

- Reporting Crimes
- Timely Warning Reports
- Emergency Response and Evacuation Procedures
- Security of and Access to University Facilities
- Response to Sexual Assault/Sexual Violence
- Student Conduct Policies, Crime Prevention, and Safety Awareness Programs
- Policy Governing Alcohol and Other Drugs
- Missing Residential Student Notification Policy
- Fire Safety Report and Fire Statistics for On-Campus Residential Facilities

The ASR covers the McNeese Main Campus and the McNeese Farm Campus in Lake Charles, Center for Advancement of Meat Processing and Production (CAMPP) Campus in Lacassine, Fuller Farm Campus in Kinder and Fort Polk Branch Campus at Fort Polk.

Notice of Availability of the Combined Annual Security Report and Annual Fire Safety Report

McNeese State University is committed to assisting all members of the University community in providing for their own safety and security. The combined Annual Security Report and Annual Fire Safety Report (ASR) is prepared by the McNeese Police Department in cooperation with other administrative units and law

enforcement agencies in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act.

The report includes statistics for the previous three years concerning crimes that occurred on campus; in certain campus-owned buildings or property owned, leased, or controlled by McNeese State University; and on public property within, or immediately adjacent to and accessible from, the campus. The report also contains institutional policy statements concerning campus security, alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, and other matters of importance related to campus safety and security.

Each year, prior to October 1, the McNeese Office of Public Relations and University Events sends an email to all enrolled students, faculty, and staff informing them of the availability of this report. This email message includes a brief summary of the contents of this report and includes the direct link (www.mcneese.edu/police/annual_security_reports) on the McNeese website where the complete ASR can be found online. A printed copy can be obtained by making a request in person at the McNeese Police Department located at 4314 Ryan Street, Lake Charles, LA 70605, or you can request that a copy be mailed to you by calling 337-475-5711.

McNeese Police Department

The McNeese Police Department (MPD or McNeese Police) is a professional law enforcement organization staffed with highly trained men and women. All officers are Louisiana POST (Police Officer Standards and Training) certified and have complete police authority to apprehend and arrest anyone involved in illegal acts on campus and in areas immediately adjacent to the campus. Through agreements with other law enforcement agencies and state statutes, McNeese police officers also have enforcement laws beyond the University campus.

McNeese Police may refer students that commit minor offenses involving University rules and regulations to the Office of University Services for disciplinary action. The MPD investigates major criminal offenses such as rape,

murder, aggravated assault, robbery, and auto theft and the department has a superior rate of solvability for misdemeanor and felony crimes. The MPD has the ability to call upon additional investigative and forensic services from partnering law enforcement agencies should they be needed. The prosecution of all criminal offenses, both felony and misdemeanor, is conducted through the Calcasieu Parish District Attorney's Office.

The department works closely with local, state, and federal law enforcement agencies and has direct radio communication with the Lake Charles Police Department and surrounding agencies via the Louisiana Wireless Information Network (LWIN). By mutual agreement with state and federal agencies, McNeese Police maintain a National Law Enforcement Telecommunications Network (NLETS) terminal. Through this system, the MPD can access the National Crime Information Center (NCIC) system as well as the Louisiana Law Enforcement Telecommunications System (LLETS) for wanted persons, warrants, driving, and vehicle records. These computer databases are used for accessing criminal history data, nationwide police records, driver/vehicle identification information, as well as other local, state, and federal law enforcement information.

The primary jurisdiction of the MPD extends to the 121-acre main campus, 65-acre athletic complex, 1,600-acre farm and research center as well as to other University facilities in surrounding parishes. University-owned or leased property in outlying surrounding parishes is primarily patrolled by the local agency of jurisdiction and crimes are jointly investigated with McNeese Police. McNeese Police provide 24-hour-a-day, seven-day-a-week, 365-day-a-year police protection to the campus including parking lots, residence halls, farm/research center and athletic complex. The McNeese Police Department is comprised of:

- 12 Police Officers
- 4 Dispatchers
- 1 Administrative Coordinator 4
- 1 Front Counter/Parking Program Employee
- 3 Student Ticket Writers
- 3 Reserve Police Officers

McNEESE ANNUAL SECURITY REPORT

Police Powers and Authority

McNeese State University police officers are fully commissioned law enforcement officers vested with all of the powers, authority and responsibilities of any police officer of the state on property owned or operated by the University, including adjacent streets. Police authority is derived from Section 17:1805 of the Louisiana Revised Statutes. Officers have additional policing powers extending off the campus to investigate crimes, make arrests, transport prisoners, engage in money transports, dignitary protection or when requested by outside agencies or under the authority of Memoranda of Understanding (Section 17:1805(d)).

Additionally, state law grants McNeese police officers the authority to carry concealed weapons, to have the power of arrest on and off campus, cross jurisdictional boundaries and to have statewide jurisdiction for the investigation of crimes originating on campus.

Communication dispatchers monitor telephones and the law enforcement radio network on a 24-hour basis, 365-days a-year to give information and respond to emergencies. They can instantly dispatch fire or emergency medical services and communicate with local police agencies when needed. McNeese Police dispatchers also monitor the National Weather Service radio network.

Police Officer Training and Certification

All McNeese police officers complete 456 hours of basic training at an approved police academy such as the Calcasieu Regional Law Enforcement Academy. The training curriculum is mandated by the Louisiana Peace Officer Standards and Training (POST) Commission and includes such topics as criminal law and procedures, patrol and investigation practices, techniques, firearms, first aid and physical training. Officers are certified through Louisiana POST and are commissioned as peace officers through the Louisiana State Police. Officers receive a minimum of 20 hours of in-service training each year to maintain their state certification. McNeese police officers are also cross-trained as

Emergency Medical Responders (EMR), and Crisis Intervention Team (CIT) members. Additional specialized training is provided in the area of sexual assault investigations.

Law Enforcement Memorandums of Understanding (MOU)

The University recognizes that laws and rules are necessary for society to function and supports the enforcement of law by governmental agencies and rules by officials of McNeese. All persons on the campus are subject to these laws and rules at all times. While the University is public property, and Constitutional protections apply, law enforcement officers may enter the campus to conduct business as needed. Additionally, the officers are invited to patrol the campus to assist McNeese Police in deterring crime. All law enforcement agencies are expected to check in with McNeese Police when investigations lead onto the campus or involve serving arrest warrants or making arrests on campus facilities. McNeese Police is recognized by the state of Louisiana as a law enforcement agency.

Additionally, all law enforcement agencies with concurrent jurisdiction recognize that the McNeese State University Police Department is the primary law enforcement unit to handle any crime that occurs on the campus.

McNeese Police enjoy an especially good relationship with the Louisiana State Police, Calcasieu Parish Sheriff's Office (CPSO), Ward 3 Marshal's Office, the Jeff Davis Parish Sheriff's Office (Center for the Advancement of Meat Processing and Production in Lacassine) and the Iowa (IPD) and Lake Charles Police Departments (LCPD).

McNeese Police maintains a close working relationship with local, state and federal law enforcement agencies in an effort to maximize the services provided to the University community. McNeese Police staff occasionally works with other law enforcement agencies in the metropolitan area. Meetings are held between the leaders of these agencies on both a formal and informal

basis. McNeese Police officers and surrounding agencies communicate regularly on the scene of incidents that occur in and around the campus area. McNeese Police investigators work closely with the investigative staff of surrounding agencies when incidents arise that require joint investigative efforts, resources, crime related reports and exchanges of information, as deemed necessary. There are written memorandums of understanding between the Sheriff's Office, Lake Charles City Police, Ward 3 Marshal's Office, and Iowa Police.

In accordance with legislation passed by the Louisiana Legislature and signed into law in July 2015 (Senate Bill 255), the MPD is in the process of circulating MOUs to all law enforcement agencies in Calcasieu Parish to establish protocols on the response to and investigate of sex crimes involving members of the University community.

The McNeese Police Department is responsible for all crimes occurring on the campus to include our public property areas for reporting of Clery and FBI Uniform Crime Reporting (UCR).

How to Report Crimes and Other Emergencies Occurring on Campus On the Main McNeese Campus:

If you are involved in an emergency situation, are the victim of a crime, witness any criminal activity or you are in need of assistance, you are urged to notify McNeese Police as soon as possible by dialing 9-1-1 or 337-475-5711. If you are a bystander to a suspicious circumstance or a crime, immediately take responsibility by calling for help. Off-campus crimes may be reported to the Lake Charles Police Department or the Calcasieu Parish Sheriff's Office by dialing 9-1-1.

McNeese Police is located in the University Police and Information Center at 4314 Ryan Street.

McNEESE ANNUAL SECURITY REPORT

The department operates 24-hours-a-day and is staffed by commissioned police officers. All individual resident rooms in residence halls have an emergency alarm that summons McNeese Police. McNeese Police can also be contacted by using the blue tower telephones located throughout the campus in parking lots, near buildings and residential halls.

Campus Security Authorities (CSAs)

The Clery Act considers certain campus personnel to be Campus Security Authorities (CSAs). In addition to all members of the McNeese Police Department, Campus Security Authorities also include: 1) Any individual or individuals who have responsibility for campus security but who are not part of the MPD; 2) Any individual or organization specified in an institution's statement of campus security policy as an individual or organization to which students and employees should report criminal offenses; and/or 3) An official of the University who has significant responsibility for student and campus activities, including (but not limited to) student housing, student discipline, and campus judicial proceedings. An official is further defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution. Examples of CSAs include (but are not limited to) the Assistant Vice President for University Services, athletic team coaches, and faculty/staff advisors of student clubs/organizations. Pastoral counselors and professional counselors functioning within the scope of those roles are not considered to be CSAs.

If you suspect a crime has been, or is being committed, call McNeese Police immediately for a police response and so police can make a timely warning report to the University community, if necessary. McNeese students, faculty, staff and visitors are encouraged to notify McNeese Police about any situation or incident in or around a McNeese facility that involves a significant emergency or dangerous situation or that may involve an immediate or ongoing threat.

McNEESE ANNUAL SECURITY REPORT

Public Access to the Police Crime Log and Fire Log

The automated crime log is available online for immediate access or in a paper format for review at the front desk of the McNeese Police Department. Calls for assistance are listed along with important information about the location and type of crime, fire or call for service. Names and exact addresses are not provided.

The McNeese Police Crime Log encompasses all crime and fire reports for the main campus, McNeese Farm Campus, CAMPP Campus, Fuller Farm and Fort Polk Branch Campus.

Responding to Calls for Police Service

Every call received by McNeese Police is checked by an officer. Reported criminal acts or emergencies on the main campus and McNeese Farm Campus result in a McNeese Police officer being immediately dispatched to the location of the occurrence. The dispatcher, if needed, will also notify other emergency services, such as fire or ambulance, and other law enforcement agencies. The on-duty or on-call supervisor may also notify appropriate personnel in University offices, including the Provost, University Services, Counseling Center and/or Facilities who may need to respond.

Calls for police or emergency services at the CAMPP Campus and Fuller Farm Campus are handled by the Jefferson Davis Parish Sheriff's Office. Calls at the Fort Polk Branch Campus are handled by the Fort Polk Department of the Army Police Department.

An assigned officer will investigate, make an arrest when appropriate and prepare a detailed report of the incident. When necessary, an assigned uniform officer or department investigator will perform an investigative follow-up. All reports are forwarded to the police department's record section for review and processing. These are confidential criminal investigation reports and as such are not required to be disclosed to the public or to University administrators while an investigation is ongoing, except when court ordered. The MPD maintains

statistical data from these reports for appropriate use and publishes an Annual Update Report that is available to the public along with the daily Crime Report that is also available online to the general public. These resources supplement the federally required publication of the Annual Security Report (ASR).

Criminal offenses are referred to the Calcasieu Parish District Attorney's Office for prosecution involving the main campus and McNeese Farm Campus. Criminal prosecution for offenses occurring at the CAMPP Campus and the Fuller Farm Campus are prosecuted by the Jefferson Davis District Attorney's Office. The Provost Marshal is responsible for criminal prosecutions on the campus at Fort Polk. Non-criminal acts and violations of University policy involving students are referred to the Office of University Services for judicial review and action.

The Calcasieu Parish Sheriff's Office and the Lake Charles Police Department, as well as the Louisiana State Police and the Ward 3 City Marshal's Office, investigate offenses that occur off-campus in Lake Charles. Information concerning criminal activities that occur at off-campus locations of student organizations and off-campus housing facilities will be reported to the University community when possible. For off-campus options you may dial 9-1-1 and request the Lake Charles Police Department or Calcasieu Parish Sheriff's Office. McNeese Police and local law enforcement agencies have mutual aid agreements. Each department augments the other within their respective jurisdictions during mutual investigations, arrests and prosecutions. MPD personnel attend monthly meetings with local law enforcement agencies to exchange ideas and problems that may be of concern for the University community.

Preventing campus crime is a shared responsibility between the University and the campus community. Public apathy is a criminal's greatest friend. Do not assume that someone else has reported suspicious or criminal activity. Remember, suspicion is the only reason anyone needs for calling the police. Crimes, suspicious activity or other emergencies on campus should be reported immediately.

Policy Statement on Disclosures to Alleged Victims of Crimes of Violence or Sex Offenses

McNeese State University through the Office of University Services will, upon written request, disclose to the alleged victim of a crime of violence or a sex offense the results of any disciplinary hearing conducted by McNeese involving the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, McNeese State University will provide the results of the disciplinary hearing to the victim's next of kin, if so requested.

Policy Statement Addressing Confidential Reporting

All reports received by the MPD will be documented and investigated. Violations of the law will be referred to law enforcement agencies, and when appropriate, to the Office of University Services for disciplinary investigation and adjudication. When a potentially dangerous threat to the University community arises, timely reports or warnings will be issued through text messages, phone messages and/or email announcements, posting of fliers, in-class announcements or other appropriate means as determined by the University's Incident Management Team (IMT). Anonymous reporting can also occur on-line via the **Silent Witness Program** on the University Police web page at: <http://www.mcneese.edu/police/silent>

Policy Statement Addressing Counselors and Confidential Crime Reporting

As a result of the negotiated rulemaking process which followed the signing into law, the 1998 amendments to 20 U.S.C. Section 1092 (f), clarification was given to those considered to be campus security authorities. Campus "Pastoral Counselors" and Campus "Professional Counselors," when acting as such are not considered to be a campus security authority (CSA) and are not required to report crimes for inclusion into the annual disclosure of crime statistics. The University makes it a practice for professional counselors to

McNEESE ANNUAL SECURITY REPORT

encourage crime victims to report their victimization to university police. The rulemaking committee defines counselors as:

Pastoral Counselor

An employee of an institution who is associated with a religious order or denomination recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor.

Professional Counselor

An employee of an institution whose official responsibilities include providing psychological counseling to members of the institution's community and who is functioning within the scope of the employee's license or certification. Counselors are encouraged to inform victims of reporting options. https://www.mcneese.edu/shd/reporting_options

Crime Victim Resources

The following offices provide a variety of resources to victims of crime on campus:

- McNeese Police 337-475-5711
- Assistant Vice President for University Services 337-475-5706
- Student Health & Development Director 337-475-5136

Education and Prevention Programs Sexual Assault Education and Prevention Programs

The University engages in comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end the prohibited acts of dating violence, domestic violence, sexual assault and stalking that:

- Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome; and
- Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community and societal levels.

Educational programming consists of primary prevention and awareness programs for all incoming students and new employees and ongoing awareness and prevention campaigns for students and employees that:

- a. Identify domestic violence, dating violence, sexual assault and stalking as prohibited conduct;
- b. Define using definitions provided both by the Department of Education as well as state law what behavior constitutes domestic violence, dating violence, sexual assault, and stalking;
- c. Define what behavior and actions constitute consent to sexual activity in the State of Louisiana and/or using the definition of consent found in the Student Code of Conduct if state law does not define consent;
- d. Provide a description of safe and positive options for bystander intervention. Bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene;
- e. Inform on risk reduction. Risk reduction means options designed to decrease perpetration and bystander inaction and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.
- f. Provide an overview of information contained in the Annual Security Report in compliance with the Clery Act.

The University has developed an annual educational campaign managed by the Office of University Services and the Office of Human Resources consisting of presentations that include distribution of educational materials to new students; participating in and presenting information and materials during new employee orientation; and the delivery of ongoing awareness and educational programs to all employees

and students throughout the year.

The University offered the following primary prevention and awareness programs for all incoming students in 2016:

Name of Program	Date Held	Location Held	Which Prohibited Behavior Covered?
Student Orientation	Fall & Spring Semesters	Bulber Auditorium	SA, S
Housing/ Resident Student Orientation	Fall & Spring Semesters	Bulber Auditorium	SA, S, DaV
Campus Safety Month	September	Quad/ Student Union	DoV, DaV, SA, S
Homecoming Week Safety	October	Quad/ Student Union	DoV, DaV, SA, S, AD
Pre-Mardi Gras Prevention	February	Quad/ Student Union	DoV, DaV, SA, S, AD
vDoV means Domestic Violence, DaV = Dating Violence, SA = Sexual Assault, S = Stalking, AD = Alcohol & Drugs			

Non-Discrimination Policy

McNeese State University ("the University") does not discriminate on the basis of sex in its educational programs and sexual harassment and sexual violence are types of sex discrimination. Other acts can also be forms of sex-based discrimination and are also prohibited whether sexually based or not and include dating violence, domestic violence, and stalking. As a result, McNeese State University issues this statement of policy to inform the community of our comprehensive plan addressing sexual misconduct, educational programs, and procedures that address sexual assault, domestic violence, dating violence, and stalking, whether the incident occurs on or off campus and when it is reported

McNEESE ANNUAL SECURITY REPORT

to a University official. In this context, McNeese State University prohibits the offenses of domestic violence, dating violence, sexual assault and stalking and reaffirms its commitment to maintain a campus environment emphasizing the dignity and worth of all members of the University community.

Procedures for Reporting Sexual Assault, Domestic Violence, Dating Violence, or Stalking

The University has procedures in place that serve to be sensitive to those who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance and other services on and/or off campus as well as additional remedies to prevent contact between a complainant[1] and an accused party, such as housing, academic, transportation and working accommodations, if reasonably available. The University will make such accommodations, if the victim requests them and if they are reasonable available, regardless of whether the victim chooses to report the crime to the CAMPUS POLICE or local law enforcement. Students and employees should contact an identified University Confidential Advisor. **Currently the identified Confidential Advisors are Dr. Dena Matzenbacher (professor and Psychology Department head), dena@mcneese.edu, 337-475-5434 and Dr. Twila Guillory (associate professor, Department of Undergraduate Nursing), tsterling@mcneese.edu, 337-475-5542.**

After an incident of sexual assault and domestic violence, the victim should consider seeking medical attention as soon as possible at **Lake Charles Memorial Hospital, 1701 Oak Park Blvd., Lake Charles, LA 70601 phone 337-494-3000**. Specially trained nursing and doctor staff are available for care. In Louisiana, evidence may be collected even if you chose not to make a report to law enforcement. Sexual Assault Nurse Examiners (SANE) are trained to collect evidence in a caring and professional manner. It is important that

a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease. Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to University hearing boards/ investigators or police. Although the University strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim's choice whether or not to make such a report and victims have the right to decline involvement with the police. The McNeese Police Department may be reached in an emergency at 9-1-1 from any campus extension or at 337-475-5711, 24-hours-a-day. McNeese Police may also be contacted in person at 4314 Ryan Street or online at www.mcneese.edu/police.

If you have been the victim of domestic violence, dating violence, sexual assault, or stalking, you should also report the incident promptly to the Title IX Coordinator, Dr. Michael T. Snowden, Burton Business Center, Room 404, 450 Lawton Drive, Lake Charles, LA 70609 or 337-475-5428 or email: msnowden@mcneese.edu

The University will provide resources, on campus or off campus or both, to include medical and health services, to persons who have been victims of sexual assault, domestic violence, dating violence, or stalking, and will apply appropriate disciplinary procedures to those who violate this policy. The procedures set forth below are intended to afford a prompt response to charges of sexual assault, domestic or dating violence, and stalking, to maintain confidentiality and fairness consistent

with applicable legal requirements, and to impose appropriate sanctions on violators of this policy.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with MPD or other law enforcement to preserve evidence in the event that the victim changes her/his mind at a later date.

The acts of dating violence, domestic violence, sexual assault, and stalking are prohibited and if a report of these acts is reported to the University, the below are the procedures that the University will follow as well as a statement of the standard of evidence that will be used during any judicial hearing on campus arising from such a report:

All Hazard Emergency Operations Plan

Emergency Operations Plan

The McNeese State University Emergency Operations Plan (EOP) addresses preparedness, response, recovery, and mitigation activities and includes information about the composition and function of the University's Emergency Preparedness Team (EPT) and Emergency Response Team (ERT).

The primary objectives of the EOP are to:

- Protect the health and safety of people in the threatened or impacted area;
- Contain and control emergency incidents;
- Minimize damage to University property, facilities, research, and the environment;
- Minimize disruption of University activities and operations;
- Resume normal University activities and operations in a timely manner.

The EOP takes an all-hazards approach to natural and human caused incidents that include a wide variety of threats and occurrences. It is scalable by design to afford maximum flexibility to University officials and decision-makers.

University departments are responsible for developing contingency and continuity of operations plans for departmental staff and areas of responsibility.

McNeese conducts emergency exercises each year, such as table-top exercises, field exercises, and both announced and unannounced tests of the emergency notification systems on campus. These tests are designed to assess and evaluate the emergency plans and capabilities of the institution while improving action plans, response strategies, and recovery from post critical incidents.

Post-test evaluations provide the basis for after-action reports that highlight the noteworthy aspects of the exercise or identifies areas for improvement in operational plan or readiness efforts. McNeese police will always be the first responder to any incident on campus. Depending on the nature of the incident, additional responders may include local, state, or federal agencies.

Authority and responsibility for direction and control of personnel, resources, and recovery efforts of the University are an integral part of the EOP. In order to function effectively during a crisis and coordinate with local and state responders, McNeese State University shall abide by the National Incident Management

System (NIMS) Incident Command System.

General information about the emergency response and evacuation procedures for McNeese is published each year as part of the University's Clery Act compliance efforts and the information is available on the McNeese website at <http://www.mcneese.edu/emergency/plans>.

Emergency response and evacuation procedures are reviewed annually by the Incident Management Team (IMT) and revisions are made as needed.

Timely Warning Procedures

The Clery Act requires that McNeese alert the campus community to certain crimes in a manner that is timely and will aid in the prevention of similar crimes.

When pertinent information is available about a Clery reportable crime that is reported within the institution's defined Clery geographic area and the situation **presents an ongoing or continuing threat to the campus community**, a Timely Warning will be issued in a manner that maintains the confidentiality of victims with the goal of aiding in the prevention of similar occurrences.

In determining whether a *Timely Warning* is warranted, the following will be considered: the nature of the crime; the continuing danger to the campus community; and the potential risk of compromising law enforcement efforts.

The Incident Management Team (IMT) is responsible for determining if a *Timely Warning* should be issued. The IMT consists of the Police Chief, Director of Public Relations and University Events, and the Assistant Vice President for University Services or their designees.

Examples of crimes for which a *Timely Warning* may be issued include: homicide; robbery; burglary; and arson. Cases of aggravated assault and sex offenses are considered on a case-by-case basis, depending on the facts of the case and the information known by McNeese Police. For example, if an assault occurs between two students who have a disagreement, there may not be an ongoing threat to the campus community and a *Timely Warning* would not be issued. Sexual assaults are considered on a case-by-case basis. The facts of the case and information known by McNeese Police, including when and where the incident occurred and when it was reported, will be considered to determine if a *Timely Warning* should be issued.

Timely Warnings may be issued by the IMT for non-Clery reportable crimes or situations if there is an **ongoing or continuing threat** to the campus community.

Timely Warnings are prepared and disseminated by the Director of Public Relations and University Events and the Assistant Vice President for University Services or their designees in consultation with the Police Chief or designee.

Depending on the particular circumstances of the threat, *Timely Warnings* may be issued through McNeese email, text (SMS) message, and voice mail to cellular phones. Warnings may also be posted in specific buildings, on electronic bulletin boards, on social media (official Facebook and Twitter accounts), the McNeese website and communicated through the McNeese student newspaper and radio station, KBYS 88.3 FM. In certain

circumstances, community assistants may deliver warnings in person or through fliers, within residential housing units.

All McNeese students, faculty, and staff are issued a McNeese email address and informed through new employee and student orientations that official statements and information will be delivered through the Campus and Student Digests that arrive at 7 p.m. each evening. Messages can also be delivered more quickly via email to all students and employees through Campus Immediate.

Anyone with information that may warrant a *Timely Warning* should report the circumstances immediately to McNeese Police, by phone (337-475-5711), or in person at the McNeese Police Department located at 4314 Ryan Street, Lake Charles, Louisiana.

Statement of Policy for Emergency Notifications

An *Emergency Notification* will be issued without delay to the campus community upon the confirmation of a significant emergency or dangerous situation involving an **immediate threat** to the health or safety of students or staff occurring on the campus unless issuing a notification will, in the judgment of first responders, compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The goal of an *Emergency Notification* is to notify as many people as possible, as rapidly as possible, of potential life safety information, with adequate follow-up information provided as warranted.

The McNeese website and emergency website will serve as a central reference point for accurate information during a large-scale or ongoing event.

Emergency Notifications are reserved for incidents that pose a significant threat to the health or safety of the campus community and include but are not limited to:

- Armed intruder;
- Bomb threat or explosion;
- Chemical or hazardous substance exposure;
- Civil unrest or rioting;
- Extreme weather conditions such as a tornado;
- Gas leak;
- Terrorist incident.

Emergency Notifications are prepared by the McNeese Incident Management Team, which includes the Police Chief, Director of Public Relations and University Events, and the Assistant Vice President for University Services or their designees. *Emergency Notifications* are disseminated by the Director of Public Relations and University Events and/or the Assistant Vice President for University Services or their designees. If necessary the Police Chief or designee may disseminate the message.

Emergency Notifications will include at a minimum the following information:

- The nature of the emergency;
- The location of the emergency;
- Brief advisory information such as evacuation directions, shelter-in-place instructions, or areas to avoid;
- Additional steps or directions designed to preserve the health and safety of the campus community.

McNeese will disseminate *Emergency Notifications* through **Everbridge**, but other communication tools may also be used including outdoor speakers, the police vehicle public address system, McNeese Immediate Email, social media (official Facebook and Twitter accounts), McNeese radio KBYS-FM, the McNeese emergency website, and local media.

Everbridge Notification System

McNeese has partnered with **Everbridge** to deliver mass notifications via text message and voice mail to the campus community. McNeese email addresses for all students, faculty, and staff are automatically entered in the **Everbridge** database and email messages can also be sent during an emergency. Cellular and landline phone numbers and alternative email addresses entered in the Banner System are registered with **Everbridge** and updated nightly.

To view or change phone numbers and alternative email addresses, go to the **MyMcNeese Portal** and click on the “Self Service Banner” tab at the top then click on “Personal Information.” Updates to personal information in the Banner System are sent to **Everbridge** daily.

Emergency Evacuation Procedures

A crisis can happen at any time. A fire, explosion, medical epidemic, water leak, power outage, and weather emergency are just a few incidents that may require an evacuation of individual buildings, sections of the campus, or the entire campus.

Always evacuate the building immediately upon hearing a fire alarm in the facility or upon receiving an emergency notification from **Everbridge**, or other notification systems. Do not use elevators. Use the nearest stairwell to leave the building. Everyone should be familiar with the location of stairwell exits in all of the buildings. Detailed signs showing all available exits and instructions in case of an emergency are to be posted near the entrance in each classroom. Faculty members and students are expected to familiarize themselves with these signs in any classroom in which they teach or have class.

During an emergency or drill, remain calm. Follow the directions of first responders. When evacuating:

- Terminate all telephone conversations, meetings, or classes;
- Do not call McNeese Police to find out if there is an actual emergency as these phone lines must be kept available for phone calls seeking assistance;
- Take all valuables and coats with you, if readily available;
- Do not return for valuables;
- Close all doors behind you and leave the lights on;
- Do not run;
- Proceed to the nearest stairwell and exit the building.

First responders will direct you out of the building and inform you when it is safe to return.

Students, faculty, and staff receive information about

evacuation and shelter-in-place procedures during scheduled and required safety meetings under the direction of the Safety Officer and other educational sessions that are offered throughout the year.

Shelter-in-Place Procedures – What It Means to “Shelter-in-Place”

If an incident occurs and the buildings or areas around you become unstable, or if the air outdoors becomes dangerous due to toxic or irritating substances, it is usually safer to seek shelter indoors. Thus, to “shelter-in-place” means to utilize the building that you are in as shelter from danger that is outside of the building or in other areas of the building. With a few adjustments, these locations can be made even safer and more comfortable until it is safe to go outside.

Basic “Shelter-in-Place” Guidance

If an incident occurs and the building you are in is not damaged, stay inside in an interior room until you are told it is safe to come out. If your building is damaged, take your personal belongings (purse, wallet, McNeese ID card, etc.) and follow the evacuation procedures for your building (close your door, proceed to the nearest exit, and use the stairs instead of the elevator). Once you have evacuated, proceed to the pre-designated evacuation point or to a safe location. If police or fire department personnel are on the scene, follow their directions.

How You Will Know to “Shelter-in-Place”

A shelter-in-place notification may come from several sources but will most likely be via the **Everbridge** emergency notification system that delivers emergency information to students, faculty, and staff via several possible channels, including text, phone, and email.

How to “Shelter-in-Place”

No matter where you are, the basic steps of shelter-in-place will generally remain the same. Should the need ever arise follow these steps, unless instructed otherwise by local emergency personnel:

1. If you are inside, stay where you are. Collect any emergency shelter-in-place supplies and a

telephone to be used in case of emergency. If you are outdoors, proceed into the closest building quickly or follow instructions from emergency personnel on the scene.

2. Locate a room to shelter inside. It should be an interior room, above ground level without windows or with the least number of windows.
3. If there is a large group of people inside a building, several rooms may be necessary.
4. Shut and lock all windows and close exterior doors.
5. Turn off air conditioners, heaters, and fans, if accessible.
6. Close vents to ventilation systems as you are able.
7. Make a list of the people with you and ask someone to call the McNeese Police Department at 337-475-5711.
8. If possible, turn on a radio or TV and listen for further instructions.
9. Remain calm and make yourself comfortable.

Weather Definitions

Watch: Conditions are favorable for the development of severe weather. Closely monitor the situation in case it gets worse.

Warning: Severe weather has actually been observed. Listen closely to instructions provided by either weather radios, local media, or emergency officials.

Off-Campus Crime

When a McNeese State University student is involved in an off-campus offense, McNeese Police officers may assist with the investigation in cooperation with local, state or federal law enforcement agencies. The Lake Charles Police Department and the Calcasieu Parish Sheriff’s Office routinely work and communicate with McNeese officers on any serious incidents occurring on campus or in the immediate neighborhoods and business areas surrounding campus.

MPD will also liaison with the Jefferson Davis Sheriff’s Office and Louisiana State Police for crimes committed in Jefferson Davis Parish where the CAMPP Campus and the Fuller Farm are located. Criminal incidents arising on the Fort Polk Military Branch Campus will have McNeese

Police working in cooperation with the Provost Marshal's Office on base.

McNeese State University operates no off-campus housing or off-campus student organization facilities. However, many graduate students and some undergraduate students live in the neighborhoods surrounding the University. While the Lake Charles Police Department and the Calcasieu Parish Sheriff's Office have primary jurisdiction in all areas off campus, McNeese officers can, and do, respond to student-related incidents that occur in close proximity to the campus and the McNeese Farm Campus. McNeese Police officers have direct radio communications with the city police and can access fire department and ambulance services to facilitate rapid response in any emergency situation via the McNeese Police Dispatch Center, which has radio communication with the E911 Center and other law enforcement resources.

The Office of University Services maintains contact with recognized Greek social organizations. McNeese Police do not provide primary law enforcement services to off-campus residences of recognized fraternities and sororities. Criminal activity at recognized fraternity and sorority residences is monitored and recorded by the Lake Charles Police Department or the Calcasieu Parish Sheriff's Office, which at times request McNeese Police at these locations. The Office of University Services and McNeese Police work closely with the Lake Charles Police Department and the Calcasieu Parish Sheriff's Office. This cooperative team approach addresses situations as they arise as well as future concerns.

Crime Prevention and Programs

The safety and well being of students, faculty, staff and visitors is a priority at McNeese State University. Through the assistance of several other University departments, every effort is made to better serve the University community and provide a safe environment in which the mission of the University may be attained. However, a truly safe campus can only be achieved through the cooperation of all students, faculty and staff. Although McNeese does not experience serious crimes often, the University campus and branch campuses are

large facilities where serious crimes may occur. In any given semester, McNeese has over 7,500 students and 800 full-and part-time employees on its campuses and welcomes over 150,000 visitors annually - more than the size of most small cities. In addition, McNeese is located in the city of Lake Charles - a leading petrochemical center with a population of more than 85,000 that is experiencing significant economic growth and expansion not only in the petrochemical field, but also as a casino gaming destination.

Crime prevention demands constant interaction and outreach to the community. The MPD sponsors crime prevention programs that stress community awareness and interaction. The department distributes materials and makes presentations upon request in order to familiarize students, faculty and staff with their shared responsibility in reducing criminal opportunity. Such programs range from crime prevention presentations to on-site inspections and may be requested by contacting **McNeese Police at 337-475-5711**.

Crime prevention brochures, posters and handouts are used to inform members of the campus community about the potential for crime.

McNeese Police work in conjunction with Freshman Orientation activities to disseminate information about the duties and responsibilities of McNeese Police as well as security and safety tips. Each semester, McNeese Police, the Office of University Services, Housing and Residential Life present crime prevention and awareness programs. In addition, crime prevention and alert programs are presented to different departments in response to requests throughout the year.

Blue Light Towers and CCTV

MPD dispatchers also monitor the emergency 'Blue Light Station' telephones that are located throughout campus and in residence hall parking lots. Emergency telephones are identified by a blue light and can be easily activated by the push of a button. These phones connect directly to the police communication center, where they are identified by their specific location. The dispatcher also monitors nearly 160 closed circuit

television cameras (CCTV) that are located in various parking lots and buildings throughout the campus. The cameras capture video data that can be retrieved to assist in criminal investigations.

Safety Escort Program

To help protect students, faculty, staff and visitors who need to reach a particular destination on campus after dark, McNeese Police provide a free safety escort service. The service operates seven-days-a-week, 24-hours-a-day and is provided by McNeese Police officers. The program is designed to enable you to travel from one location to another with a greater sense of security. **Call ext. 5711 or 475-5711**.

If an escort is needed from a parking lot please call McNeese Police at **475-5711**, or stop by on your way to the lot, or call from your cell phone. Once in the parking lot, please remain in your vehicle with your engine running, doors locked and your headlights on if it is after dark.

To arrange for an escort, please plan ahead and call McNeese Police 10 to 15 minutes ahead of time. You will need to provide your name, location, destination, number of people that need an escort, and a call back telephone number. Escorts will be provided in the order that requests were placed. Please wait for the escorts at the agreed upon location. An officer will be dispatched and respond as soon as possible. In most instances the officer will respond in a timely manner; however an emergency situation may dictate a longer waiting period for the escort. Please be patient.

Police ATV and Bike Patrol

McNeese Police have a fully marked ATV to further increase the visibility of police officers on campus and at athletic events. The ATV allows quick response in confined and crowded areas and can deliver multiple officers to a scene or for traffic and crowd control at athletic events. MPD is expanding its use of bike patrols and other utility vehicles to supplement patrol cars and foot patrol as part of its overall effort to make the campus safe. Officers are also better able to converse with students, faculty and staff when utilizing bike patrol, foot patrol or utility vehicles.

Silent Witness Program

The Silent Witness Program is designed to anonymously allow people to report suspicious behavior online. The Silent Witness Program is available online at: <http://www.mcneese.edu/police/silent>

This program is not designed to report emergencies or a crime in-progress. Please call **9-1-1 (111 on campus) or 337- 475-5711 if you need emergency assistance.**

Crime Stoppers

McNeese State University works in conjunction with the Calcasieu Parish Crime Stoppers program. Crime Stoppers serves the community as an informant system whereby the public is invited to provide valuable information that might lead to the arrest and possible conviction of criminals. Participants who call the Crime Stoppers hotline at **337-439-2222** remain anonymous.

Crime Prevention and Security Awareness Programs for Students and Employees

Numerous orientation sessions are provided across the months of May, June, July and August each year for new incoming freshmen and their parents; one orientation session is provided in the month of August for new incoming transfer students; one orientation session is provided in the month of August for new incoming international students; and one mandatory resident orientation session for students who live in campus housing is provided within the first two weeks of start of the fall term each year. Information about campus security procedures and practices, crime statistics, emergency notification systems and related issues is provided through in-person presentations, notification of resources available on the University's website, and in print materials provided in welcome packets. McNeese Police and administrators in the Office of University Services are the primary presenters of this information. Additional programs are provided throughout the academic year through information sessions, awareness campaigns and safety and security reminders delivered in association with emergency notification tests and alerts via email.

Similar information is presented to new employees. Customized crime prevention, security awareness, active shooter response and sexual assault prevention

programs are available upon request.

Periodically during the academic year McNeese Police, in cooperation with other University organizations and departments, present crime prevention and awareness sessions on topics that may include sexual assault (rape and acquaintance rape), Rohypnol (date rape drug) abuse, theft and vandalism, as well as educational sessions on personal safety and residence hall security. During these sessions, students and employees are encouraged to be responsible for their own security and the security of others.

The University conducted 20 crime prevention and security awareness programs during the 2014-15 academic years, an increase from prior years and an increase above the nine (9) programs provided during the 2013-2014 academic year. The department will also conduct crime prevention talks and presentations on request.

A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the security of others. In addition to seminars, information is disseminated to students and employees through crime prevention awareness packets, security alert posters, displays, videos, articles and advertisements in the University student newspaper.

Maintenance of Campus Facilities

The University makes every effort to ensure that the campus facilities, buildings and grounds are designed and maintained in such a way as to promote safety and reduce criminal opportunity. Particular attention is paid to the design of landscaping and exterior lighting.

Security of and Access to Campus Facilities

During regular business hours, the University main campus (excluding certain housing facilities) will be open to students, parents, employees, contractors, guests and invitees. During non-business hours access to all University facilities is by key, if issued, or by admittance via McNeese

Police or Residential Life staff. In the case of periods of extended closing, the University will admit only those with prior written approval to all facilities. University policy establishes **University business hours for all facilities as Monday through Friday 7:45 a.m. to 4:30 p.m.**

Residence halls are secured 24-hours-a-day. Over extended breaks, the doors of all halls will be secured around the clock. Some campus facilities have individual hours, which may vary at different times of the year. Examples are the Recreation Center, Library and the SEED Center. In these cases, the facilities will be secured according to schedules developed by the department responsible for the facility.

Emergencies may necessitate changes or alterations to any posted schedules. The Incident Management Team (IMT) reviews trends and risk data and examines security issues such as landscaping, locks, alarms, lighting and communications.

Use of University Facilities

With the exception of events that are open to the general public and advertised as such, the University's facilities and programs are generally reserved for accomplishing the objectives and programs of the University. Visitors and non-McNeese affiliated groups seeking to utilize University facilities are expected to make prior arrangements with the Office of Public Relations and University Events. Authorization to use McNeese facilities is determined by University policy. Visitors and guests to McNeese residence halls must be registered by their hosts while in the residence halls.

Academic and Administrative Buildings

Academic and administrative buildings are secured by University personnel. Hours of security may vary from building to building, depending on use. Like the residence halls, these buildings are equipped with fire safety equipment that includes smoke detectors and/or heat sensors that may activate the central fire alarm system.

McNeese Police officers lock the doors of buildings on the main campus (except those to which access is necessary) starting at 10 p.m. daily. Some facilities

are open later and are posted as such. The doors are unlocked in the mornings by 7:30 a.m. by custodial staff. Officers will walk through selected buildings each night to check locked office doors and other security related matters. Any exterior doors found to be malfunctioning are reported to the Office of Facilities and Plant Operations and are made functional as soon as possible. The State Fire Marshal's Office Staff regularly inspect the campus for fire safety.

Residence Halls

All residence halls have limited access through main doors only. Procedures for guest visitation have been established in accordance with McNeese residence hall guidelines. McNeese Police officers routinely walk residence hall areas during evenings and night hours to prevent loitering, noise and criminal behavior.

Residence halls are equipped with fire safety equipment that includes smoke detectors and/or heat sensors that activate the central fire alarm system. In residence halls, emergency exits are equipped with alarms that sound whenever opened. Residence hall staff are trained to maintain security and to summon police, fire, medical and maintenance assistance when needed. Criminal activity observed within or in the vicinity of buildings is reported to McNeese Police. Firearms, explosives, fireworks, or other hazardous materials are not permitted in, or around, resident facilities.

Housing and Residence Life offer a number of security features and safety programs to improve safety:

- In the residence halls, an electronic door access system requires the use of a University ID to gain entry into the facilities. Locks and keys are provided for each student room. For security purposes, lock cylinders must be replaced when a room key is lost. Residents are encouraged to lock their room door and carry a key at all times.
- Community Assistants (CA) are periodically available at lobby desks to provide a central contact person in case of emergency and an after-hours and weekend/holiday assistance service is available when dialing 337-475-5606 during these periods. Residence hall staff members are on-duty to

respond to student needs. A certified locksmith is on call 24-hours-a-day to handle all lock and key problems. Door-to-door solicitation and distribution of leaflets by non-housing/non-university individuals and organizations are prohibited.

- Safety programs are conducted for residents via required resident orientation, information sessions, demonstrations, bulletin boards, and community meetings. Housing staff and police staff are available to present information and ongoing programs on crime prevention, including seminars on topics such as personal protection, acquaintance rape and protecting personal property. These programs may be initiated by housing and residence life staff or residents.
- Security cameras are strategically located around residence halls and other surrounding university buildings to monitor activity in residence hall parking lots. Panic buttons are installed in the bedrooms of the dorms for emergency situations. Police respond to panic alarms.

Greek Housing

Fraternity and sorority houses are located off campus; these residences are privately owned. The Office of University Services is the liaison with fraternities and sororities.

Registered Sex Offenders

In accordance with the Campus Sex Crimes Prevention Act of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act and the Family Educational Rights and Privacy Act of 1974, McNeese Police provides a link to the Louisiana Sex Offender and Child Predator Registry (SOCPR). This law requires institutions of higher education to issue a statement advising the campus community where law enforcement information provided by a state concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a state to provide notice of each institution of higher education in that state at which the person is employed, or is a student. In Louisiana, convicted sex offenders must

register with the Louisiana Sex Offender and Child Predator Registry (SOCPR) maintained by the Louisiana State Police.

The registry for sex offenders is available online. Registry information provided under this section shall be used for the purposes of the administration of criminal justice, screening of current or prospective employees, volunteers or otherwise for the protection of the public in general and children in particular. **Any person who uses information contained in or accessed through the Louisiana State Police Sex Offender and Child Predator Registry Website to threaten, intimidate, or harass any individual, including registrants or family members, or who otherwise misuses this information, may be subject to criminal prosecution or civil liability.**

The Louisiana State Police maintains the Louisiana Sex Offender and Child Predator Registry (SOCPR) for the State of Louisiana and is responsible for the enforcement of the applicable sections of law cited above. Information about any individual affiliated with Louisiana State University in regards to this matter may be found at the public SOCPR website: <http://www.lsp.org/socpr/External>

Policy on Missing Persons

If a member of the University community has reason to believe that a student who resides in on-campus housing is missing, he or she should immediately notify McNeese Police at 337-475-5711. McNeese Police will immediately generate a missing person report and initiate an investigation.

Confidential Contact

Resident students may identify a confidential contact person to be notified in the event the student is determined to have been missing for 24 hours. By providing this information to the Housing Office during final move-in processes occurring just before the student assumes occupancy. Continuing resident students are given the opportunity to update this information each August during final move-in processes occurring in association with start of the fall academic term.

McNEESE ANNUAL SECURITY REPORT

A student's confidential contact information will be accessible only by authorized campus officials and law enforcement in the course of a missing person's investigation.

Notification of Emergency Contact Person by the Office of University Services

If it is determined a resident student (any age) is missing and the student has provided an emergency contact person, the Office of University Services will notify the emergency contact person within 24 hours. The notification may be through in-person contact, electronic or telephonic (telephone call or voicemail, email, facsimile, text message) communication, or through any other means appropriate to making timely notification. If a student registers multiple emergency contact persons and the first person reached indicates the student is not missing, the University will attempt to reach each additional contact person in turn, unless the student in question is contacted by McNeese or contacts McNeese via contact information available in the Banner Information System. McNeese officials will document each attempt made to reach emergency contact persons.

After investigating a missing person report, should McNeese Police determine that the student has been missing for 24 hours; McNeese Police will notify the student's emergency contact no later than 24 hours after the student is determined to be missing. If the missing student is under the age of 18 and is not an emancipated individual, the University will notify the student's parent or legal guardian immediately after McNeese Police has determined that the student has been missing for 24 hours.

Regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor, University Police will inform the appropriate local law enforcement agency that has jurisdiction in the area that the student is missing within 24 hours of such determination.

Policy Statement on Preventing and Responding to Sex Offenses

The University educates the student community about sexual assaults and date rape through mandatory freshman orientation each year. Orientation sessions for transfer and non-traditional students are also offered and include information about sexual assault and date rape. Annually all University employees complete mandatory sexual harassment training. McNeese Police offers sexual assault education and information programs to University students and employees upon request. Literature on date rape education, risk reduction and University response is available through the Office of Housing and Residence Life, Counseling Center and Student Health Center.

Notification of Law Enforcement Regarding Sexual Assault and Sexual Offenses

Students are encouraged to notify appropriate law enforcement authorities if they are the victim of sexual assault or other sexual offenses. It is best to notify law enforcement authorities with direct jurisdiction over the physical location where such offenses occur (city police, sheriff, McNeese Police), but students may make notification to any law enforcement agency, including McNeese Police, without respect to the location where the sexual offense occurred. Campus personnel in the Office of University Services, Counseling Center and Student Health Center will assist students in reporting sexual offenses to law enforcement authorities, upon request.

If you are a victim of a sexual assault at this institution, your first priority should be to get to a place of safety. You should then obtain necessary medical treatment. McNeese Police strongly advocates that a victim of sexual assault report the incident in a timely manner. Time is a critical factor for evidence collection and preservation and preservation of evidence is important in proving a criminal offense. An assault should be reported directly to McNeese Police by calling 337-475-5711. Filing a police report with a McNeese Police officer will not obligate the victim to participate in a criminal prosecution, nor will it subject the victim to scrutiny or judgmental opinions from officers. Filing a police report will:

- ensure that a victim of sexual assault receives the necessary medical treatment and tests, at no

expense to the victim;

- provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later (ideally a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical/legal exam);
- assure the victim has access to free confidential counseling from counselors specifically trained in the area of sexual assault crisis intervention.

Individuals may also report a sex offense to the institution's Title IX Coordinator. This office is responsible for coordinating the institution's compliance with Title IX. The Title IX Coordinator is:

**Chief Diversity Officer / Title IX Coordinator -
McNeese State University, BBC, Room 404,
Box 93248, Lake Charles, LA 70609
337-475-5428, 337-562-4227 TDD/TTY, Hearing
Impaired 337-475-5960 FAX, [https://www.
mcneese.edu/policy/sexual_misconduct_policy](https://www.mcneese.edu/policy/sexual_misconduct_policy)**

The University's policy on sexual harassment is included in the Appendix of this report.

When a sexual assault victim contacts McNeese Police, a multi-disciplinary response is triggered involving the police, Calcasieu Women's Shelter, University Services, Counseling Center and other appropriate campus and community resources.

The victim of a sexual assault may request for the investigation to be pursued through the criminal justice system and the Office of University Services, or only the latter. A University representative from the Police Department and/or the Office of University Services will guide the victim through the available options, support the victim in his/her decision and will assist the victim in notifying the appropriate local law enforcement agencies, depending on the location where the assault occurred. Various counseling options are available from the University through the Student Health Center located in Watkins Infirmary, 337-475-5948, and the Student Counseling Center located in Kaufman Hall, Room 112, 337- 475-5136. Counseling and support services outside the University can be obtained through

the various local agencies.

Information about University disciplinary proceedings, as well as special guidelines for cases involving sexual misconduct, is available from the Office of University Services, located in Holbrook Student Union, 337-475-5706.

Notification of Change of Victim's Academic & Living Situations After Alleged Sex Offenses

Students who are the victim of an alleged sex offense may request changes in their academic and living situations (for example, class schedule; residence hall rooms, suites, and buildings) after an alleged sex offense. Such changes may include switching to different course sections or class meeting locations, switching from relocations to other floors or areas of residential buildings, relocations to other residential buildings, and other appropriate measures reasonably available. Such requests should be made to the Office of University Services that will, in turn, coordinate communication and response among appropriate campus offices and personnel.

Procedures for Campus Disciplinary Action

The University utilizes processes and procedures outlined in the Code of Student Conduct and Academic Integrity in all cases of alleged sex offenses and other instances of student misconduct, to ensure due process. These procedures specify both the complainant and the respondent are entitled to the same opportunities to have others present during a disciplinary proceeding, specify both the accuser and accused must be informed of the outcome of any institutional disciplinary proceeding in which a sexual offense is alleged, and further specify sanctions the University may impose following final determination of disciplinary proceedings regarding rape, acquaintance rape, or other forcible or non-forcible sex offenses. Potential sanctions for sustained violations can include verbal or written reprimand, warning or discipline probation, withhold transcript/degree/admission/registration/graduation, bar from University property, restitution, apology, community service, suspension of rights or privileges, counseling/education, suspension of eligibility, failing grade, denial or revocation of

degree, suspension (temporary expulsion), and dismissal (permanent expulsion).

Confidential Advisors.

As required by Senate Bill 255 (RS Title 17:3399.15), McNeese has designated individuals who shall serve as confidential advisors. They include Dr. Dena Matzenbacher (professor and Psychology Department head), dena@mcneese.edu, 337-475-5434, and Dr. Twila Guillory (associate professor, Department of Undergraduate Nursing), tsterling@mcneese.edu, 337-475-5542.

Violence Against Women Reauthorization Act of 2013 (VAWA)

Higher education institutions are expected to make a "good faith effort" to comply with the Campus Sexual Violence Elimination Act (Campus SaVE Act), which became effective in March 2014. Part of the Violence Against Women Reauthorization Act of 2013 (VAWA), comes at a time of multiple high-profile government investigations of campus response to sexual misconduct allegations and a recent White House Task Force report on protecting students from sexual assault. McNeese State University complies with these requirements.

SaVE will complement the Title IX Guidance by the U.S. Department of Education's Office for Civil Rights. The Campus SaVE Act seeks to address the violence women face on campus: the highest rates of stalking, the highest risk of nonfatal intimate partner violence, and 20-25% of female students experiencing rape or attempted rape.

Transparency:

SaVE requires and McNeese complies with tracking all reported incidents of domestic violence, dating violence, sexual assault, and stalking in the Annual Security Report (ASR). The University Police and University Services work in concert to track a reported crime that comes to the attention of the University. Additionally, students or employees reporting victimization are provided with their written rights (primarily) through University Services to:

- Be assisted by campus authorities if reporting a crime to law enforcement

- Change academic, living, transportation, or working situations to avoid a hostile environment
- Obtain or enforce a no contact directive or restraining order
- Have a clear description of their institution's disciplinary process and know the range of possible sanctions
- Receive contact information about existing counseling, health, mental health, victim advocacy, legal assistance, and other services available both on campus and in the community

Accountability:

SaVE clarifies minimum standards for institutional disciplinary procedures, and University Services has implemented covering domestic violence, dating violence, sexual assault, and stalking, which University Services coordinates to ensure that:

- Proceedings shall provide a prompt, fair, and impartial investigation and resolution and are conducted by officials receiving annual training on domestic violence, sexual assault, and stalking
- Both parties may have others present during an institutional disciplinary proceeding and any related meeting, including an advisor of their choice
- Both parties will receive written outcomes of all disciplinary proceedings at the same time

Education:

SaVE instructs colleges and universities to provide programming for students and employees addressing the issues of domestic violence, dating violence, sexual assault, and stalking. McNeese has contracted to provide the Everfi program to provide a comprehensive online training experience that includes:

- Primary prevention and awareness programs for all incoming students and new employees
- Safe and positive options for bystander intervention
- Information on risk reduction to recognize warning signs of abusive behavior
- Ongoing prevention and awareness programs for students and faculty

MCNEESE ANNUAL SECURITY REPORT

Policy Statement on Substance Abuse and Education

Prevention Programs

McNeese has developed a program to prevent the illicit use of drugs and the abuse of alcohol by students and employees. The program provides services related to drug use and abuse including dissemination of informational materials, educational programs, counseling services, referrals and college disciplinary actions.

College life presents new, and sometimes difficult, challenges to all students and the Counseling Center strives to help students learn to navigate, manage and resolve those challenges. The Counseling Center assists students with personal, developmental, academic and mental health needs. To make an appointment, call 337-475-5136. Appointments are scheduled Monday-Friday from 8 a.m.-4:30 p.m. Walk-ins are available in the event of crisis/emergency situations. The Counseling Center is closed during holidays and official university closures. In case of on-campus emergencies on evenings, weekends, or holidays, please call McNeese Police at 337-475-5711. For off-campus emergencies, call 9-1-1 or go to the nearest emergency room.

Alcoholic Beverages

Alcohol is the most socially acceptable drug in our society. The possession, sale, use or the furnishing of alcohol on campus is governed by the McNeese Alcohol and Other Drug Policy and Louisiana state law. Laws regarding the possession, sale, use, consumption or furnishing of alcohol are controlled by the Louisiana Alcohol Tobacco and Control (ATC) Board. The regional ATC office contact is: (225) 925-4041. However, the enforcement of alcohol laws, including underage drinking laws on campus, is the primary responsibility of McNeese Police. The McNeese campus has been designated "Drug Free" and only under certain circumstances is the consumption of alcohol permitted.

In Louisiana the minimum age to purchase or possess

any alcoholic beverages is 21. It is unlawful to sell, furnish or provide alcohol to a person under the age of 21. The possession of alcohol by anyone under 21 years of age in a public place or a place open to the public is illegal.

A violation of any law regarding alcohol is also a violation of the McNeese Code of Student Conduct and Academic Integrity and will be treated as a separate disciplinary matter by the University.

- Possession of alcoholic beverages on University premises or facilities, except as provided in the University Alcohol Policy
- Possession of alcoholic beverages off campus by individuals under the age of 21
- Consumption of alcohol on University premises or facilities (including underage drinking), except as provided in the University Alcohol Policy
- Consumption of alcohol off campus by individuals under the age of 21
- Excessive use of alcohol resulting in a state of intoxication that endangers oneself or other members of the community
- Driving while under the influence of alcohol (blood-alcohol level above .08 for individuals over age 21; blood-alcohol level over .02 for underage individuals)
- Sale and/or distribution of alcohol by persons of any age to persons under the age of 21, including, but not limited to, charging admission to social events where alcohol will be served

Illegal Drug Possession

The possession, sale, use, manufacture, or distribution of any controlled substance is illegal under both state and federal laws. Such laws are strictly enforced by McNeese Police. Violators are subject to University disciplinary action, criminal prosecution, fine and/or imprisonment.

Legal Consequences of Drug Violations

The unlawful manufacture, distribution, possession, or use of a controlled substance or alcohol on University premises or while conducting University business

off University premises is absolutely prohibited. All applicable legal sanctions under local, state, or federal law for the unlawful possession or distribution of illicit drugs or alcohol will be applied. The legal consequences of alcohol and other drug violations are described below.

- Additional risks of harm may occur from the use of prescription drugs in ways other than prescribed.
- Drugs taken by injection can increase the risk of infection (e.g., HIV, hepatitis, etc.) through needle contamination.

DRUG AND ALCOHOL USE: FEDERAL LAWS

Under federal sentencing guidelines, federal courts can sentence simple-possession first offenders to one year in prison and a \$100,000 fine. Penalties for subsequent convictions are significantly greater [21 U.S.C. 844(a)]. A sentence of life imprisonment can result from a conviction for possession of a controlled substance that results in death or bodily injury. Possession of more than five grams of cocaine can trigger an intent-to-distribute penalty of 10 to 16 years in prison [U.S.S.G.S. 2D2.1(b)(1)].

Relevant State and Federal Laws can be found in Appendix

Medical Amnesty – Alcohol and Drugs

Criminal and student code violations involving University students will be evaluated by McNeese Police before a decision to prosecute for the possession or consumption of alcoholic beverages and/or (minor amounts of) drugs is made if University police become aware of the possession or consumption solely because the individual was seeking medical assistance for someone else.

McNeese State University Police Bystander Involvement (Medical Amnesty) Policy states:

The safety and general welfare of the members of the McNeese community is of paramount importance. When individuals need help, the University police encourage students to offer assistance regardless of location on- or off-campus property. Sometimes students may hesitate to offer help to others for fear that they may risk conduct consequences for their own behavior in a situation (for example, drinking alcohol while under the age of 21). The community's best interests are served when individuals report crimes, call 9-1-1, and seek help for those in need of assistance. It is the intent of this policy that a student, who makes the contact in compliance with the University Police Medical Amnesty Policy, not be referred to the Office of University Services for alleged behavior violations related to alcohol, which do not involve a felony.

Criteria for Evaluation by McNeese Police will include, but is not limited to:

- 1) The only way law enforcement officers became

aware of the person's alcohol or drug violation is because the person placed a 9-1-1 call, or a call to campus police, or emergency services, in good faith, based on a reasonable belief and reported that another person was in need of medical attention to prevent death or serious injury.

- 2) The person reasonably believed he/she was the first person to make a 9-1-1 call or call to campus police or emergency services, and report that a person needed immediate medical attention to prevent death or serious injury.
- 3) The person provided his/her own name to the 9-1-1 operator or equivalent campus police or emergency officer.
- 4) The person remained with the person needing medical assistance until emergency health care providers arrived and the need for his/ her presence had ended.
- 5) The person seeking the assistance must reasonably believe she/he is the first to do so, must use his or her real name with authorities, and must stay with the individual needing medical assistance.

Drug Free Schools and Community Act (DFSCA)

Drug or Alcohol-Abuse Education Programs

The University prohibits the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees. This prohibition extends to on-campus residence halls, including those occupied by persons of legal age to possess and consume alcohol (age 21 or older) as per the terms of housing lease agreements. Alcohol possession and consumption are permitted on the campus only under pre-approved conditions and according to procedures for such events as established by the University President or designee in accordance with applicable law. The University may exercise disciplinary action for violations of local, state, and federal laws pertaining to drugs and alcohol, and violations of University policies pertaining to drugs and alcohol, up to and including dismissal (expulsion) of students and termination of employees.

The University utilizes Everfi for providing drug and alcohol education to all incoming students. Counseling Center and Student Health Services staff and contract physicians also provide one-on-one educational consultation and distribution of literature to individual students regarding drug and alcohol concerns.

The University also provides drug and alcohol abuse prevention programs and activities throughout each academic year through programs conducted by the Counseling Center, Student Health Center, Office of Housing and Residence Life, Office of Student Life and Engagement, recognized student organizations and academic departments. Programs include educational seminar presentations to small student groups such as fraternities, sororities, academic classes, and athletic teams as well as awareness programs for the entire campus such as health and wellness fairs, pre-Mardi Gras/pre-Spring Break programs, and peer-led floor and hall student meetings within residence halls.

Policy Statement on Safety and Security Policies

Safety and security policies govern all members of the McNeese community. These include the policy prohibiting sexual violence, the anti-harassment policy and the substance abuse prevention policy, and these can be found in their entirety in an appendix to this report.

Safety is a shared responsibility among students, faculty, and staff.

To help keep McNeese safe, the cooperation, involvement, and support of all University community members are essential. Safety is a personal challenge as well as a community challenge. In addition to the following advice, individuals should carefully assess and modify their behaviors and habits to lessen their vulnerability to unsafe conditions.

Prevent theft and protect your personal safety.

Know how to recognize and use the emergency safety phones on campus. Report any suspicious activity or person to the police immediately. Walk and jog with a friend. Use the best lit and most traveled walkways at night. Ask visitors to identify themselves before allowing them access to your residence. Engrave your valuable items, such as stereos, cameras, or televisions at the McNeese Police Department (no charge). Park your car in lighted areas, keep valuables out of sight and lock your vehicle.

Lock up: Always lock the door where you live, even when leaving for a short period of time. Always lock your car, your bike, and other valuables. When you return to your car, have the key ready to open the door. Never prop open exterior doors to residential areas.

Follow this additional simple advice. Do not let alcohol or other drugs fog your judgment. Always be fire safety conscious. Most of all, trust your instincts. If you feel uneasy about a situation, take action immediately!

Consent: Consent to engage in sexual activity must exist from beginning to end of each instance of sexual activity. Consent is demonstrated through mutually understandable words and/or actions that clearly indicate a willingness to engage in a specific sexual activity. Silence alone, without actions evidencing permission, does not demonstrate consent. Consent must be knowing and voluntary. To give consent, a person must be of legal age. Assent does not constitute consent if obtained through coercion or from an individual whom the alleged offender knows or reasonably should know is incapacitated. The responsibility of obtaining consent rests with the person initiating sexual activity. Use of alcohol or drugs does not diminish one's responsibility to obtain consent. Consent to engage in sexual activity may be withdrawn by any person at any time. Once withdrawal of consent has been expressed, the sexual activity must cease. Consent is automatically withdrawn by a person who is no longer capable of giving consent. A current or previous consensual dating or sexual relationship between the persons involved does not itself imply consent or preclude a finding of responsibility.

Dating (Dating Violence): When used for VAWA and Clery reporting, dating involves a romantic or intimate relationship and if a reporting party identifies a dating relationship then the University will err on the side of assuming that the victim and perpetrator were in a dating relationship. - The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.
- For the purposes of this definition, dating violence

Campus Fire Safety Report

The following information is the 2016 Annual Fire Safety Report for student housing facilities at McNeese State University. The student housing facilities at McNeese State University include the King, Watkins, Zigler, Burton, and Collette Halls as well as Sallier/Bel Gardens.

Fire Drills

Fire drills in the student housing facilities are performed once per semester, or twice per calendar year. The drill is conducted within the first two weeks of each semester. This is in compliance with the Louisiana State Fire Marshal and records of the drills are kept in the University's Environmental, Health & Safety Officer's office. For more information concerning fire drills, refer to the handbook provided to resident students.

Policies on Portable Electrical Appliances, Smoking, and Open Flames

Air conditioners, space heaters, halogen lamps with an exposed bulb, or any appliance with an open heating element (including toasters, toaster ovens, hot plates, grilling appliances, sandwich makers, etc.) are not permitted in the residence halls. However, slow cookers that are 3 ½ quarts or less are allowed. Smoking is not permitted in any University building and within 25-feet of a marked entrance, including residence halls. Open flames or any devices that produce an open flame are not allowed in the residence halls. This includes candles, incense and incense burners.

Housing Emergency Evacuation Procedures in Case of Fire

Building evacuation will occur upon notification by McNeese Police or other authority.

- Be aware of all marked exits in your area of the building.
- Leave by the nearest exit and alert others to do the same.
- Do not change the light switch settings.
- Leave all doors open.
- Do not use elevators as they may not be operational.

- Refrain from using any electronic devices such as cell phones until told it is safe to do so.
- Assist the disabled in exiting the building. Encourage others to do the same.
- Housing and Residence Life personnel will be located outside the building exits to direct you to a safe assembly point where officials will obtain an accurate head count and provide you with further information.
- No one will be allowed re-entry into the affected building for any reason until an "all clear" is given by authorities.
- An emergency command post may be set up near the site. Keep clear of this area unless you have important information to report.

In the event of a bomb threat, all evacuation orders and instructions will be given via word of mouth to avert possible accidental detonation through the use of electronic devices.

Policies Students and Employees Should Follow In Case of a Fire

Your worst enemy during a fire is smoke. If you're surrounded by smoke, get down on the floor and crawl to safety. Hold your breath and close your eyes. Close doors behind you as you escape. Always use stairs to escape. Never use an elevator. Here are a few simple safety tips:

- Learn the location of fire exits and alarm pull stations near you and know the emergency number for assistance – 9-1-1.
- Sound the fire alarm if you see smoke or detect a burning odor.
- Have a prepared escape plan and know your escape route.
- Remember to remain calm.
- Use exit stairs. Never use elevators.
- Close doors behind you as you escape. In most cases, this will prevent smoke damage and fire from entering the room you are exiting.
- Do not re-enter a fire-damaged building until it has been declared safe.
- If you become trapped, seal off cracks around doors

and vents with cloth or rugs. (Soak them in water if possible.)

- Shut off fans and air conditioners.
- Signal for help from a window. If a campus phone is still operational, call extension 5711 or Police Emergency at 9-1-1. If you are using a cell phone, call 337-475-5711.

Fire Safety Education and Training Policies

Fire safety in student housing facilities is a very serious matter. Students, faculty and staff are expected to learn fire safety policies and guidelines. To assist in this learning process, McNeese State University has several training programs and policies for fire safety education including:

1. Formal training at the beginning of the fall semester for residential Community Assistants.
2. Educational bulletin boards.
3. Professional and volunteer staff training on building fire safety systems.
4. Training for campus-wide Campus Community Emergency Response Teams (C-CERT) on fire safety, extraction, first aid and traffic control as part of the police department.

Reporting Fires

In the event of a fire in student housing, the McNeese Police Dispatch should be contacted immediately by telephone at either 475-5711 or 9-1-1.

Campus Fire Statistics

The following table contains the fire statistics for all on-campus, student housing facilities at McNeese State University. The information contains the date, time, location, description, and estimated cost of damage for each fire incident in 2015, 2014 and 2013.

Future Improvement Plans

There are several future plans and goals for improvement in fire safety in residence life at McNeese State University. First, McNeese Police Department intends to continue to expand the C-CERT Program on campus to train professionals and student staff on fire safety systems and procedures, disaster response, extrication, traffic control, and first aid.

Second, the University's Environmental Health and Safety Office wants to expand active and passive educational programs to include more information about fire safety in the residence halls. Third, we plan to continue to conduct the required fire drills.

Fire Safety Systems

The following tables offer a description of the fire safety systems in each on-campus student housing facility. The

tables illustrate if each building has emergency lights, exit signs, fire alarm systems, fire extinguishers, fire-rated corridors and fire doors, fire-rated exit stairs, smoke detection systems, sprinkler systems, and standpipe systems. The ratings are Yes (the entire building has the feature), No (the entire building does not have the feature), Partial (some parts of the building have the feature), or N/A (the feature is not applicable for this building).

Appendix A – McNeese State University Policy on Harassment

Incidents of harassment often first come to the attention of McNeese Police even though there are various avenues of addressing these types of issues. The information on this page is provided to assist members of the community in understanding the different types of harassment and how and to whom to report such incidents.

There are two kinds of harassment recognized by civil law: harassment by creation of a hostile environment and sexual harassment which amounts to coercion of an individual. Harassment by creation of a hostile environment is typically not predicated by a single incident unless it is unusually severe. There generally needs to be several incidents, properly documented to include time, place, specific actions and the reactions of the victim. Although these incidents may not be criminal in nature, McNeese Police can take the necessary information and make sure that the proper referrals are made to appropriate University administrators including the McNeese Office of Equal Opportunity.

Some kinds of harassment which are often passed over as just something you have to put up with may actually involve violations of criminal laws and McNeese administrative policies. Examples might be:

- epithets shouted on campus
- damage to property or graffiti
- epithets or threats written on dorm property
- threats or epithets made by phone or left as voice mail or email messages
- threats made against individuals or their property
- assaults and/or batteries against a person whether or not there is a serious injury

Any incident that is in progress or that involves danger or threats to a person should be reported immediately. Use any campus emergency phone or dial 9-1-1. The dispatcher will ask for your name and where the incident is occurring. Stay on the line with the dispatcher until the police arrive or the dispatcher terminates the call.

Incidents such as larceny or vandalism should be reported as soon as it comes to your attention. You may use an emergency phone, 9-1-1, or call 475-5711 and ask for an officer to take a report.

All information in reports concerning victims or witnesses is kept confidential. That information will not be given to the press or to the suspects unless required by a court proceeding or with the victim/witness' permission. However, this information is made known to certain University administrators with a legitimate need to know (i.e. University Services personnel for matters involving student judicial proceedings) and to other police personnel, as necessary. If you are especially concerned about your identity being known, you can provide McNeese Police with as much information as you are comfortable. You don't have to provide your name unless you want to.

The McNeese Office of Equal Opportunity has the primary responsibility for investigating harassment. Phone 337-475-5428.

University Policy on Sexual Misconduct

http://www.mcneese.edu/policy/sexual_misconduct_policy

Authority: Chief Diversity Officer

Date enacted or revised: July 22, 2013

Introduction

Members of the McNeese State University community, guests, visitors and authorized users of the University's facilities should be able to enjoy a campus environment free from sexual misconduct. This policy is intended to define community expectations with respect to this right and to establish a mechanism for addressing behavior that violates these expectations. Three forms of sexual misconduct are addressed by this policy: (1) Criminal Sexual Misconduct; (2) Sexual Harassment; and (3) Problematic Consensual Relationships.

All students, faculty, staff, administrators, and contracted personnel will be held accountable for compliance with this policy and any violation of this policy may lead to disciplinary action which, in serious cases, may include suspension, expulsion, termination, and/or removal.

Every member of the University community is hereby apprised that certain forms of sexual misconduct may subject an individual not only to institutional discipline but also to criminal prosecution or civil liability.

It is incumbent upon all members of the University community to report instances of sexual misconduct. Failure to do so could result in disciplinary action up to and including suspension or termination. Any person who receives or becomes aware of a complaint of sexual misconduct or other violation of this policy should report the complaint to the Chief Diversity Officer as soon as possible and preferably within two work days. All complaints of sexual misconduct, investigation documents, and documents relative to the resolution of the complaint will be maintained in a confidential file in the Office of the Chief Diversity Officer; however, the extent to which information can remain confidential may be subject to state and federal laws relating to the required reporting of crimes or other information. In cases where it is determined that sexual misconduct has been committed, the University may take appropriate disciplinary action with or without the concurrence of the victim or person bringing the complaint.

The health, safety, and well-being of students, employees, and campus visitors are the University's primary concern. If you or someone you know may be the victim of any form of sexual misconduct, you are strongly urged to seek immediate assistance. Assistance can be obtained 24-hours-a-day, seven days a week from:

McNeese State University Police, 9-1-1, emergency;
Ext 5711 when calling from a campus landline;
337 475-5711 when calling from other landlines or cell phones.

1. CRIMINAL SEXUAL MISCONDUCT

Any sexual conduct prohibited by the Louisiana Criminal Code and committed by a person on the McNeese campus or against any McNeese student, employee, or visitor shall be considered a violation of this policy and shall be immediately reported to the University Police. Such offenses may include various forms of stalking, cyberstalking, rape, attempted rape, sexual battery,

incest, and unlawful sexual behavior involving juveniles or adults, and may include other types of behavior prohibited by state law. Failure to report violations of criminal law may result in the individual and/or the University facing sanctions under the federal Clery Act, which, among other things, requires key university employees to report crimes occurring in and around campus and in connection with campus activities.

Many administrative employees fall within the definition of a "Campus Security Authority" (CSA) under federal law, and thereby be required to report to University Police specific crimes that are defined in the Clery Act including murder, sex offenses (both forcible and non-forcible), robbery, aggravated assault, burglary, motor vehicle theft, arson, and drug, liquor and weapons violations. It is the responsibility of all employees to determine whether they fall within the important definition of being a "Campus Security Authority." The reporting of any crime which comes to the attention of a CSA must be reported to University Police immediately. Federal law may require a timely warning be given to the university community if there is the potential of a continuing risk to the university population. Because the classification of an alleged crime requires technical expertise, and since the University Police may be aware of other extenuating factors or incidents of criminal behavior, employees should not try to resolve an issue, delay the reporting of an issue, or mitigate a report on their own. Instead, the University Police should be notified without delay so that they can conduct an investigation, seek support for the victim, and interact with other agencies in accordance with state and federal laws.

The University Police may elect to follow their normal procedures in the investigation and enforcement of offenses within their jurisdiction or they may refer the case to other appropriate local, state, or federal law enforcement authorities. In cases where the facts upon which an alleged criminal offense are based also constitute a violation of one or more University policies, the Student Code of Conduct, and/or the Faculty/Staff Handbook, the offender may be subject to sanctions under those provisions independent of any sanctions which may be imposed by the criminal justice

system. No provision of this policy shall be construed in any manner which would impede, limit, or delay the legitimate investigatory responsibilities of any agent of law enforcement or the rights of any victim of sexual misconduct.

2. SEXUAL HARASSMENT

Sexual harassment means unwelcome conduct, based on sex or gender stereotypes, which is so severe or pervasive that it unreasonably interferes with a person's University employment, academic performance or participation in University programs or activities and creates an atmosphere or environment that a reasonable person would find intimidating, hostile or offensive.

Sexual harassment includes, but is not limited to, unsolicited, deliberate, or repeated:

- Touching, sexual flirtation, advances or propositions which are not welcomed and/or desired;
- Unwelcome jokes, stories, comments, innuendos, or other sexually oriented statements which are specifically designed to embarrass or humiliate through their sexual subject matter content;
- Unwelcome sexual communication such as graphic or degrading comments about one's gender related to personal appearance;
- Unwelcome sexual advances, requests for sexual favors, or other offensive verbal or physical contact of a sexual nature;
- Unwelcome display of sexually explicit materials, objects or pictures in an individual's place of work or study;
- Creating or arranging situations specifically designed to violate privacy in an unwelcome and undesired manner.

Procedure for the Reporting and Resolving Claims of Sexual Harassment:

Any claim which may involve a violation of the Louisiana Criminal Code shall be referred in the first instance to the University Police in accordance with the Criminal Sexual Misconduct paragraph, above.

Should any member of the University community (student, employee, or visitor) believe that the sexual harassment portion of this policy has been broken by any member of the University community, he/she should prepare a written statement detailing the allegations on the University's Discrimination Complaint Form in the Office of the Chief Diversity Officer in Room 404 of Burton Business Center. This form can also be downloaded from the University's website and brought to Room 404 of Burton Business Center or mailed to Box 93248, Lake Charles, LA 70609. VOICE: (337) 475-5428; FAX (337) 475-5960; TDD/TTY, Hearing Impaired (337) 562-4227. Email: cdo@mcneese.edu Mail: Chief Diversity Officer, Box 93248, Lake Charles, LA 70609. The Chief Diversity Officer may, in his or her professional judgment, attempt to resolve the matter through alternative dispute resolution, which may include attempts to mediate, conciliate, or otherwise resolve differing claims. Information explaining alternative dispute resolution is available from the Office of the Chief Diversity Officer. The Chief Diversity Officer shall determine the appropriateness of alternative dispute resolution methods within ten (10) days of its receipt of the grievance. If the Chief Diversity Officer determines that the matter is not appropriate for mediation, conciliation, or other less formal methods of dispute resolution, or if, after attempting such methods for a period of time not to exceed sixty (60) days, the Chief Diversity Officer determines that further attempts are not likely to achieve an outcome consistent with the goals of this policy. Decisions rendered by the Chief Diversity Officer as described in the above paragraphs shall be delivered in writing to the following parties:

- the person(s) filing the grievance;
- the person(s) against whom the grievance was filed;
- the supervisor(s) of the office or administrative unit(s) most responsible for the environment in which the alleged actions occurred, said supervisor(s) to be charged with keeping a copy of the grievance and its disposition on file and available for appeal; and
- the President of the University.

Any party may, within ten (10) working days of delivery of a notice of a decision by the Chief Diversity Officer, appeal the decision to the Vice President responsible for overseeing the person(s) against whom the original

grievance was filed. The Vice President shall render a decision on the appeal within ten (10) working days after receiving the appeal. The Vice President's appeal decision shall be limited to one of the following: (a) to affirm the decision of the Chief Diversity Officer; (b) to reverse or amend all or any portion of the decision; or (c) to ask the Chief Diversity Officer to reconsider its decision based on reasons given in the Vice President's written decision, in which case reconsideration must be completed and reported to the Vice President within ten (10) working days of the Vice President's request. After any such reconsideration, the Vice President shall render a final decision to affirm, reverse, or amend all or any portion of the reconsidered decision. Any party may, within ten (10) working days of delivery of notice of the Vice President's final decision, request a reconsideration of the case by the President of the University. The President's reconsideration shall be limited to a determination of whether the Vice President's decision was reached via a process that provided all parties with adequate notice, a fair and unbiased process, and opportunity to be heard. The President shall issue a final ruling on the matter within fifteen (15) business days after the request for reconsideration has been received.

If an employee or student makes an appeal to the Board of Supervisors, the administrative proceedings from the institution will be reviewed in accordance with the Board's rules and procedures. The purpose of this review will be to determine only if appropriate processes has been provided to the grievant, not to conduct a new hearing or review the factual details of the case. Following this review, the grievant will be notified of the Board's decision.

Problematic Consensual Relationships

There are inherent risks in any romantic or sexual relationship between individuals in unequal positions of authority. On a university campus, such unequal positions can occur between a teacher and a student, between a coach and a player, and between a supervisor and an employee. These relationships may be less consensual than initially perceived by the individuals involved or by third parties who may be

affected directly or indirectly by the relationship. The relationship may also result in negative consequences to third parties. For example, students in a class taught by a professor involved in a romantic relationship with one of the students may believe that the favored student will receive a higher grade than he or she would otherwise deserve. Players on a team where one member of the team is involved in a romantic relationship with a coach or administrator may believe that the favored player will receive better treatment in practice and during games. Likewise, employees aware of a romantic relationship involving their supervisor may come to believe that employee evaluations determined by that supervisor are less than objective.

While McNeese has no interest in interfering in the personal matters of its employees, it has no choice but to address situations that impede the legitimate interests and necessary work of innocent students and employees and that cast doubt on the integrity of our academic standards and employee evaluations. For this reason, this policy discourages all romantic relationships between members of the McNeese community in cases where one party to the relationship holds, or could potentially hold, a supervisory or evaluative position over the other. The fact that the relationship may have begun innocently or without any apparent negative consequences to third parties will be deemed irrelevant once either party to the relationship knows, or has reason to know, that the relationship has progressed to the point where it could reasonably be perceived by third parties as being in violation of this policy.

Because of the inherent dangers involved in relationships involving members of the McNeese community holding positions of unequal positions of authority, and regardless of whether the parties to such a relationship believe the relationship to be secret or confidential in nature, this policy requires that any member of the McNeese community who becomes involved in such a relationship must report the existence of the relationship to his or her immediate supervisor. Upon receipt of a self-report, the University may reassign the party in the superior position of

authority to other work duties, which may involve a demotion in rank or the elimination of supervisory duties-which may result in corresponding adjustments of salary and benefits-in order to limit or reduce negative consequences to third parties. Failure to self-report such a relationship will result in disciplinary action. For the party in the position of superior authority such disciplinary action may include a warning or other reprimand, reassignment of duties, suspension, or termination, depending on the circumstances.

Reporting Sanctions Under the Clery Act

Under federal law, the Clery Act, the University is required to statistically report all allegations of forcible and non-forcible sexual offenses involving students, staff, faculty and/or visitors. The Clery Act goes even further in requiring a statistical report even if only a sanction results and no criminal charges are filed. This would include all forms of employee discipline connected to a forcible or non-forcible sex offense.

Appendix B – McNeese Policy Statement Prohibiting Sexual Violence

On college campuses, acquaintance and date rape are more apt to occur than rape by strangers. Research on college women indicates as many as 20% of the female population may at some point be sexually coerced by acquaintances.

While some students may not think of forced sexual relations as rape, such action constitutes a serious crime and is a felony under Section 14:42 of the Louisiana Revised Statutes.

If You Are the Victim of Sexual Assault

Contact a friend to help you collect your thoughts and focus on your needs. If the assault occurred on campus, call McNeese Police at 337-475-5711 or at 9-1-1. If the assault occurred off campus, call the Lake Charles Police Department, the Calcasieu Parish Sheriff's Office (911), the nearest law enforcement agency or the Rape Crisis Center at 494-7273.

Obtain Medical Care - Quickly obtain medical care from a hospital emergency room. Do not bath, shower, douche or change clothes before seeking medical attention. The treatment for rape may require an examination at a designated hospital, testing for sexually transmitted diseases, medication to prevent pregnancy and documenting evidence so you can decide whether to pursue prosecution.

Assist in the Investigation - It is a personal decision whether to report a rape or sexual assault to police, but you are strongly encouraged to do so. The primary concern of the police is your safety and well-being; the second and third concerns are apprehending the assailant and preserving the evidence of the crime.

Seek Counseling - Whether or not you report the assault or pursue prosecution, you should consult a trained counselor for help in dealing with the emotional aftermath of a rape. Trained counselors are available at the McNeese Counseling Center and the Calcasieu Women's Center. Talking with a counselor or psychologist in no way compels a victim to take further action.

A victim may choose to pursue action through the campus judicial system if the offense was committed by another student. The Office of University Services (337-475-5706) is available to advise victims of their rights under the Student Code of Conduct. Even if you choose not to pursue disciplinary action, you are encouraged to report your experience to the Office of University Services.

Annual Notification of Code of Student Conduct and Substance Abuse Health Risks

McNeese annually notifies students and staff regarding the Code of Student Conduct as well as the Alcohol and Other Drug Policy. Included in the notification are applicable federal, state, local, and institutional sanctions regarding violation of the Code of Student Conduct and University policies, a description of the long and short-term health risks of substance abuse, and a list of prevention and treatment programs available to students, staff, and faculty. The annual notification for students is conducted through the University electronic communication digest and coincides with the official census dates for each term. The annual notification for employees is conducted through Human Resources and Student Employment and the University electronic communication digest.

Further information is available online in the Annual Security Report (ASR) in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. The ASR contains policy statements, resources regarding alcohol and drug prevention, health risks and sanctions for violation of related policies.
