President's Data Report Narrative (B2)

April 1, 2025 – September 30, 2025

This document explains each section of Title IX and Power-Based Violence reporting form B2.

Confidential Advisors and Responsible Employees

This section notates the number of confidential advisors and responsible employees within the campus community. The confidential advisor primarily serves to aid a student involved in a power-based violence or sexual misconduct complaint in the resolution process as a confidential resource. As suggested by the term "confidential advisor", confidential communication with the advisor will be kept confidential in all circumstances except where the institution or advisor may be required to disclose the communication under state law and federal laws. A responsible employee receives a direct statement regarding or witnesses an incident of power-based violence. Responsible employees do not include an employee designated as a Confidential Advisor pursuant to R.S. 17:3399.15(B) or an employee who has privileged communications with a student as provided by law. McNeese currently has six confidential advisors (including three counseling professionals) following the Board of Regents policy that there is one confidential advisor for every 1,500 students.

Annual Training

Per the legislation, training is required for all responsible employees and confidential advisors. An initial training covering updated regulations took place in August 2021. All Title IX personnel and confidential advisors participated in the training. The Board of Regents has developed a training made available to all responsible employees as of January 2022. McNeese has had online training added to our learning management system, Canvas, and is accessible to all employees. Our current completion rate is currently 50% as McNeese's annual completion is due October 31, and the number continues to fluctuate as new employees come on board.

The training includes the training module provided by the Board of Regents.

Other aspects of training include the Title IX administrator conducting training throughout the campus community, and making students and employees aware of procedures and regulations. Additionally, all employees are required to participate in *Vector* sexual harassment/ sexual misconduct training as part of annual human resources requirements.

Responsible Employee Reporting

There have been no employees who falsely reported incidents of power-based violence.

Power-Based Violence Formal Complaints

The university received one (1) power-based violence complaint during this reporting cycle. However, there are no Title IX formal complaints documented on the data report located at https://www.mcneese.edu/titleix/data/. Disciplinary action was taken for power-based violence complaint.

Retaliation

There are no reports of retaliation associated with Title IX or Power-Based Violence reports.
