Program Name: General Business Administration [GBAD]

Reporting Cycle: Jun 1, 2020 to May 31, 2021

1 Is this program offered via Distance Learning?

100% Traditional or less than 50% Distance/Traditional

2 Is this program offered at an off-site location?

No

2.1 If yes to previous, provide addresses for each location where 50% or more of program credits may be earned.

3 Example of Program Improvement

The assessment results are analyzed by the assurance of learning committee, department heads, and the dean. In 2009, review sessions were implemented to refresh students on basic business concepts. Since this began we have noticed an increase in MFT scores across disciplines including general business. The average overall MFT score prior to 2009 was 150 (43rd percentile), and the 2013-2014 overall MFT score was 158 (87th percentile). The average overall MFT score in spring 2015 was 157 (63rd percentile). The 2015-2016 overall average MFT score for general business administration majors was 152 (53th percentile), exceeding the target MFT score of 140. The 2016-2017 overall average MFT score for general business administration majors was 152 (56th percentile), exceeding the target MFT score of 140.

4 Program Highlights from the Reporting Year

Our general business degree offers students an inclusive education of all areas of business. Seventeen students received degrees in general business administration during the academic year of 2015, 35 in 2016, and 36 in 2017. An average of five general business administration majors had internships during the years 2015-2017.

5 Program Mission

The Bachelor of Science in General Business Administration serves residents of southwest Louisiana seeking a college degree as well as both public and private employers in the regions. The curriculum is specifically designed to meet the needs of regional economic development and prepares students for leadership in the global economy.

6 Institutional Mission Reference

7 Assessment and Benchmark MGMT 481 Written Communication Assessment

Xitracs Program Report Page 3 of 25

Assessment: For written communication assessment, general business administration students' papers are sampled from MGMT 481 - Strategic Management and analyzed by a team of reviewers from across disciplines.

Benchmark: 70% of students sampled will score a "Pass" (average or greater) on the assessment rubric.

Prior to fall 2016, the benchmark was 60% of students sampled will score a "Pass" (average or greater) on the assessment rubric.

Outcome Links

Communication [Program]

General business administration graduates will formulate and express ideas effectively through oral, written, and /or technological communication in academic and professional environments.

7.1 Data

Term	Studer a score	Benchmark	
	#	%	Met?
Fall 2013		60%	Yes
Fall 2014	_	80%	Yes
Fall 2015	_	100%	Yes

Communication [Program]

General business administration graduates will formulate and express ideas effectively through oral, written, and /or technological communication in academic and professional environments.

7.1.1 Analysis of Data and Plan for Continuous Improvement

2015-2016

No data is available for the spring terms because written communication is only assessed in the fall semester. However, because the benchmark was consistently met in fall 2013, fall 2014, and fall 2015, it was increased for the fall 2016 term to 70% of students will score a "Pass" (average or greater) on the assessment rubric.

2016-2017:

This target was not met in fall 2016. The College will create and disseminate a common writing format and assessment standard within the College of Business, create assignments for students to enhance communication skills, and create a method to deliver feedback from oral presentation assessment to professors and students.

8 Assessment and Benchmark MGMT 481 Critical Thinking Paper

Assessment: Student papers are analyzed by a team of reviewers from across disciplines. They apply a rubric measuring five characteristics that show evidence of critical thinking skills.

Benchmark: 75% of students sampled will score a "Pass" (average or greater) on the assessment rubric.

Prior to fall 2016 the benchmark was 60% of students sampled will score a "Pass" (average or greater) on the assessment rubric.

Critical Thinking [Program]

General business administration graduates will apply critical thinking in academic and professional environments.

8.1.1 Analysis of Data and Plan for Continuous Improvement

2015-2016:

No data is available for the spring terms because critical thinking is only assessed via a critical thinking rubric in the fall semester. However, because the benchmark was consistently met in fall 2013, fall 2014, and fall 2015, it was increased for the fall 2016 term to 75% of students will score a "Pass" (average or greater) on the assessment rubric.

This was not met in fall 2016.

9 Assessment and Benchmark Major Area Test

Assessment: A Major Area Test (MAT) has been given to graduating seniors in the fall and spring semesters to access the following learning goals:

- Demonstrate an understanding of fundamental business concepts across the business diciplines of accounting, economics, finance, management, and marketing.
- Demonstrate the ability to identify and discern the impact of internal and external factors of the business environment.
- Demonstrate the ability to utilize financial information and documents to evaluate business concerns.

The MAT is based on a 20-question multiple-choice test written by faculty which has been given to graduating seniors in the fall and spring semesters.

Benchmark: 70% of general business administration majors will achieve a score of 60% or higher on the MAT.

Prior to fall 2016, the benchmark was 70% of general business administration majors will achieve a score of 50% or higher on the MAT.

9.1.1 Analysis of Data and Plan for Continuous Improvement

2015-2016

Students failed to meet the benchmark in both fall 2015 and spring 2016 with the percentage of students meeting the benchmark decreasing drastically in fall 2015 and again in spring 2016. Beginning fall 2016, we will disaggregate the test results by topic to discern the problem area(s).

General business administration graduates will demonstrate knowledge of and ability to apply general business concepts.

10 Assessment and Benchmark Bachelor

Assessment: The *ETS*[®] Major Field Test for the Bachelor's Degree in Business contains 120 multiple-choice questions designed to measure a student's subject knowledge and the ability to apply facts, concepts, theories and analytical methods. Some questions are grouped in sets and based on diagrams, charts and data tables. The questions represent a wide range of difficulty and cover depth and breadth in assessing students' achievement levels.

- Benchmark 1: Students will score a mean overall score of 145 or higher on the Major Field Test.
 - Prior to 2016-2017, the benchmark was a mean overall score of 140.
- Benchmark 2: Students will score at or above the 55th percentile in each content area of the MFT.
 - Prior to fall 2015, the benchmark was that students will score at or above the 50th percentile in each content area of the MFT.
- Benchmark 3: Students will score at or above the 70th percentile on the International Issues content area of the MFT.
 - Prior to 2016-2017, the benchmark was that students will score at or above the 55th percentile on the International Issues content area of the MFT.

10.2.1 Analysis of Data and Plan for Continuous Improvement Average Content Area Scores of MFT

2015-2016:

In fall 2015, students failed to meet the benchmark in the Accounting, Finance, and Information Systems content areas. In spring 2016, students failed to meet the benchmark in the Accounting, Finance, Information Systems, Legal/Social Environment, Management, and Marketing content areas. The drastically significant score decreases in spring 2016 are certainly worrisome. We would like to monitor for one more year to see if any of these scores below the benchmark increase; if scores do not increase, we will thoroughly review the curriculum and add more assessments throughout the program to notify us of problem areas before students reach MGMT 481. The College will continue to develop and add to review modules provided via Moodle for all students enrolled in MGMT 481 lab, create practice questions for students, and add in-person reviews in the MGMT 481 lab with an emphasis on information systems.

Global Community [Program]

General business administration graduates will analyze the global community to make sound judgements in academic and professional environments.

10.3.1 Analysis of Data and Plan for Continuous Improvement International Issues Content Area of MFT

2015-2016:

Although the benchmark was increased from a score at or above the 50th percentile to a score at above the 55th percentile for 2015-2016, the new benchmark has been consistently met for the past three years; the combined fall 2015 and spring 2016 score for students is 92nd percentile on 'international issues'. Therefore, it will be increased for the 2016-2017 academic year to a score at or above the 70th percentile.

11.1.1 Analysis of Data and Plan for Continuous Improvement

2016-2017:

100% of students passed the exam before student teaching and also passed it on the first attempt. This benchmark has been met.

2017-2018:

Analysis of Data: There were no completers in the Business Education program and therefore, no new data to analyze.

2018-2019:

2019-2020:

2020-2021:

The benchmark was met for the 2020-2021 academic year with 100% of candidates passing the exam on the first attempt. Therefore, a closer look at sub-category data will be addressed for continuous improvement.

The percentage correct for the fall 2020 sub-categories ranged from 58% to 89%, with Economics having the lowest percentage score. The spring 2021 data for percentage correct ranged from 42% to 83%. Those two lowest scoring categories included *Marketing and Management (42%)* and *Economics (50%)*. For both semesters, *Economics* had the lowest scores.

A business content faculty member should sit for the Praxis Content exam during the 2021-2022 academic year. This will provide insight into the e types of questioning on the current exam and provide a glimpse into what topics need to be further addressed within the program. It is critical that candidates are not only introduced to the knowledge, but that it is also reviewed and reinforced throughout the program to ensure in depth understanding that can be transferred to their own students when serving as a teacher of record.

12 Assessment and Benchmark FEE Content

Assessment: Field Experience Evaluation Domain 5.

Benchmark: 100% of candidates will score a 3.00 or better on each element of the Field Experience Evaluation Domain 5 rubric.

Prior to 2017-2018, the benchmark was100% of students will meet or exceed a score of 2.00, which is the benchmark set by the State of Louisiana.

SEC BUS_Lesson Plan _20-21

13.1.1 Analysis of Data and Plan for Continuous Improvement

2016-2017:

Essential Questions will be removed from the lesson plan rubric because they do not align to P-12 classroom instruction of completers.

Categories below benchmark are being addressed through the revision and clarification of the lesson plan instructions.

2017-2018:

Analysis of Data: There were no completers in the Business Education program and therefore, no new data to analyze.

2018-2019:

2019-2020:

2020-2021:

The benchmark was not met for the 2020-2021 academic year. 72% (16/22) of the categories had less than 80% proficiency. It is important to note the low n value (N=2). Completers of the redesigned one-year residency programs are required to enroll in *EDUC 318: Planning and Instruction for Literacy in the Content Area* course early on in the program (Term 4, spring). This course is designed to teach candidates the importance of planning for instruction, taking into consideration the students within the P-12 courses and the objectives and content that needs to be covered. This course will provide a foundation for understanding the components of the plan utilized in methods coursework. Additionally, future data will include a progression of lesson plan data from the initial work in EDUC 318 to the teacher residency semester

14 Assessment and Benchmark FEE - Specific inTASC Standards

Assessment: Field Experience Evaluation Domains 1-4

Benchmark: 100% of candidates will score a 3.00 or better on each element of the Field Experience Evaluation Domains 1-4 rubric.

Prior to 2017-2018, the benchmarkwas 100% of students will meet or exceed a score of 2.00, which is the benchmark set by the State of Louisiana.

14.1.1 Analysis of Data and Plan for Continuous Improvement

2016-2017:

This benchmark has been met or exceeded.

2017-2018:

Analysis of Data: There were no completers in the Business Education program and therefore, no new data to analyze.

2018-2019:

2019-2020:

2020-2021:

The benchmark was not met for the 2020-2021 academic year on each component for domains 1-4 of the FEE. It is important to consider the data may reflect the challenges of the candidates' student teaching experience which was impacted by the extraordinary circumstances of COVID-19 and continued recovery from the fall 2020 hurricanes.

The FEE data from the fall 2020 semester did meet benchmark. All Domain scores and sub scores were above 3.00. However, in the spring 2021 semester, the following sub-categories were below 3.00: 2.2.2, 3.1.1, 3.1.2, 3.1.3, 3.2.4, and 3.3.4. Faculty and University Supervisors have begun to conduct pre- and post-conferences (POP Cycles) with candidates to discuss expectations for the lesson being taught and to evaluate the success of the lesson afterward. IN preparation for the fall 2021 semester and to work toward meeting benchmark

Xitracs Program Report Page 20 of 25

in all components, EPP secondary faculty will distribute and implement components of the POP Cycle within their courses. This will assist in increasing understanding, usefulness, and implementation expectations to prepare candidates to achieve higher scores on the assessment during teacher residency. The EPP will provide training and opportunities to establish inter-rater reliability and norming of the FEE rubric.

15 Assessment and Benchmark Outcomes - TCWS

Assessment: Teacher Candidate Work Sample

Benchmark: 80% or more of the candidates will score a 3.00 or better on each element assessed in the Teacher Candidate Work Sample Rubric.

15.1 Data

Business:

15.1.1 Analysis of Data and Plan for Continuous Improvement

2016-2017:

Assessment is a weakness. We are revamping the lesson plan template and rubric, and we are rewriting the education assessment course.

2017-2018:

Analysis of Data: There were no completers in the Business Education program and therefore, no new data to analyze.

2018-2019:

2019-2020:

2020-2021:

The benchmark was not met as there was one criteria in which 80% of candidates did not score at the proficiency level or above: Alignment of Lesson Evidence (0%). The data captures the one time collection of Teaching Cycle data in the performance

portfolio at the end of the program. Moving forward, at least two points of data will be used to monitor progression in the Teaching Cycle criteria in addition to the proficiency levels.

At the end of each academic year, EPAC faculty will review Teaching Cycle data and areas of concern and in need of improvement. Faculty will work together to address areas for improvement or concern (ex. clarifying directions and expectations, modeling, providing exemplars, etc.)

16 Assessment and Benchmark Praxis PLT

Assessment: Praxis Principles of Learning and Teaching

Benchmark: 80% of candidates will achieve a passing score on the Praxis Principles of Learning and Teaching exam on the first attempt.

Prior to 2017-2018, the benchmark was100% of students will pass this exam before student teaching.
