

# Health and Human Performance

#7 Plan cycle - 7 Plan cycle 2021/2022 7/1/21 - 6/30/22

# Introduction

It is the mission of the H.C. Drew School Health and Human Performance to prepare learners with a broad spectrum of content and experiences in the areas of nutrition and wellness, health promotion, and exercise physiology. The program of study focuses on human movement, health, and development across the lifespan and provides an important array of conceptual, technical, and therapeutic perspectives to the study of learning in a wide variety of contexts.

# Performance Objective 1 Increase enrollment, persistence, retention, and graduation rates for each program offered by the department.

# 1 Assessment and Benchmark

Benchmark: Increase undergraduate enrollment by 5% each year, overall and in each program offered by the department.

Prior to 2018-2019, the benchmark was track undergraduate student enrollments at each level. Maintain or exceed 2015-2016 levels of declared majors.

- ATRN BS Athletic Training (inactive effective 201540)
- HEDU BS Health and Physical Education Grades K-12
- HHPG BS Health and Human Performance, General
  - ° EXSC Exercise Science (inactive effective 201840)
  - HEPR Health Promotion (inactive effective 201440)
  - PRCM Pre-Chiropractic Medicine (effective 201840)
  - PROT Pre-Occupational Therapy (effective 201840)
  - PRPH Pre-Physical Therapy (effective 201840)
  - SMED Sports Medicine (effective 201540)
  - SPMG Sport Management (inactive effective 201440)
  - SWMG Sport and Wellness Management (effective 201440)

# 1.1.1 Analysis of Data and Plan for Continuous Improvement

#### 2017-2018:

The benchmark was met with an increase in enrollment of 5.3% from fall 2016 to fall 2017. The Exercise Science concentration will be divided into three new concentrations: Pre-Physical Therapy, Pre-Occupational Therapy, and Pre-Chiropractic Medicine. Each concentration will better target prerequisite

classes and learning outcomes for each professional school.

The program has maintained the number of students enrolled in the program. HHP faculty will continue to promote the program to incoming freshman, and the new HHP building will be a great recruitment tool. Faculty attended GHATS (Greater Houston Athletic Training Society) to recruit Texas students.

2018-2019:

Enrollment data suggest students are choosing healthcare-related fields (HHPG) over education (HEDU).

2019-2020:

2020-2021:

2021-2022:

The benchmark was not met leading to the development of more intensive recruiting efforts on the department level.

The department is in the planning stages of an open house event to bring in students to the legacy center. This event will be piloted during the fall 22 semester. This event will focus on recruitment of Calcasieu Parish high school students to all HHP concentrations and degrees. For now, the event will be limited to around 100 students with plans to grow in the future based on success.

#### 2 Assessment and Benchmark

Benchmark: Increase graduate enrollment by 5% each year, overall and in each graduate program offered by the department.

Prior to 2018-2019, the benchmark was track graduate student enrollments at each level. Maintain or exceed 2014-2015 levels of declared majors.

- HHP MS Health and Human Performance
  - EXPH Exercise Physiology
  - HEPR Health Promotion
  - NUWL Nutrition and Wellness (inactive effective 202140)
- HHPO MS Health and Human Performance (Online)
  - HEPR Health Promotion

# 2.1.1 Analysis of Data and Plan for Continuous Improvement

#### 2017-2018:

Enrollment is strong, especially in the Nutrition and Wellness area. Enrollment increased 10%, so the benchmark was met.

The Health Promotion concentration is now offered totally online, which should positively affect enrollment.

#### 2018-2019:

Total enrollment down from a high of 61 in 2017-2018 to a high of 45 in 2018-2019. HHP online remains consistent. Only significant change in programs is some changes in graduate faculty. New members will receive training in recruitment and retention.

2019-2020:

2020-2021:

# 2021-2022:

While total enrollment has increased this cycle compared to the last, the discontinuation of Nutrition and Wellness will bring down total enrollment in HHP graduate programs in the future.

# **3** Assessment and Benchmark

Benchmarks:

- A persistence rate (retained students from fall Y1 to spring Y1) of 85%.
- A retention rate of 70% from Y1 to Y2.
- A retention rate of 55% from Y1 to Y3.
- A retention rate of 45% from Y1 to Y4.
- A 4-year graduation rate of 35%.
- A 5-year graduation rate of 40%.
- A 6-year graduation rate of 45%.

#### Major:

- ATRN Bachelor of Science in Athletic Training (inactive effective 201540)
- HEDU Bachelor of Science in Health and Physical Education Grades K-12
- HHPG Bachelor of Science in Health and Human Performance, General

#### 3.1.1 Analysis of Data and Plan for Continuous Improvement

Decrease seems cyclical. Will increase recruitment and retention in graduate area.

2019-2020:

2020-2021:

2021-2022:

Departmental advisor education has been implemented to assist in retention and student sucess, as well as placement of advising notes on degree works, and effective student counseling on professional program application. The need for a general concentration has been identified due to the loss of students unable to complete the requirements for professional programs and will be submitted for approval within the next curriculog cycle.

# Performance Objective 2 Provide a comprehensive curriculum that reflects disciplinary foundations and remains responsive to contemporary developments, student and workforce demand, and university needs and aspirations.

# **1** Assessment and Benchmark

Benchmark: Program faculty meets monthly to review student progress, curricular offerings, and appropriate professional contacts and opportunities.

<sup>2018-2019:</sup> 

#### Page 13 of 25

#### 1.1 Data

# 2017-2018:

HPE faculty regularly meet to discuss curriculum, students, professional opportunities, and program improvement. Praxis II scores have been low. Also we have added to our curriculum; we removed exercise science to make pre-occupational therapy, pre-physical therapy, and pre-chiropractic medicine.

2018-2019:

2019-2020:

2020-2021:

#### 2021-2022:

Departmental faculty meet 3 to 4 times per month during the AY. During this time, various topics are discussed. In the summer, only those who are teaching participate in weekly program meetings.

#### 1.1.1 Analysis of Data and Plan for Continuous Improvement

#### 2017-2018:

Curriculum change to better improvement pass rates of the HPE PRAXIS II content exam. Added HHP 332 and EDUC 216, as well as offering multiple sections of HHP 345 so students can get that material before taking the PRAXIS II content exam to HEDU Curriculum. Our new curriculums are liked by students and have helped us with our benchmark because we can now help students on their desired career path.

#### 2018-2019:

Curriculum changes for increased knowledge based on health-care related knowledge levels. Adding HHP 370 Nervous intervention in Physical medicine. Adding HHP 660 comprehensive exams.

2019-2020:

2020-2021:

2021-2022:

Curriculum changes were submitted. Some were not approved but will be cleaned up and resubmitted for the next AY. These changes are being made based upon potential application of accrediting body. Additionally, 2 new programs are being submitted to better meet the needs of students who are struggling with certain aspects of academics.

# Performance Objective 3 Faculty and students within program will provide community and campus with various service activities.

#### 1 Assessment and Benchmark

Benchmark: HHPG faculty and students will host SWLA Senior Olympics.

#### 1.1 Data

Academic Year	# of faculty that participated	# of students that participated	# of venues
2013-2014	9	107	6
2014-2015	8	95	6
2015-2016	8	105	6
2016-2017	8	136	7
2017-2018	7	140	7
2018-2019	8	144	7

2020-2021		—	_

Page	14	of	25
------	----	----	----

2022

4

# 1.1.1 Analysis of Data and Plan for Continuous Improvement

8

# 2017-2018:

Benchmark met. HHP practicum students completed three professional development hours during this event. This offered an opportunity for skill application related to their field. Hosted a record amount of participants (537 in eight events). SWLA senior games committee gave a \$5,000 donation to HHP foundation.

45

2018-2019:

Benchmark met. Hosted a record amount of participants (581 in eight events). SWLA Senior games committee planning another \$5,000. First scholarship offered from endowment.

2019-2020:

2020-2021:

# 2021-2022:

This was the first year since 2019 that we were able to host Sr Games due to COVID. Student participation was limited to those enrolled in HHP 351. All faculty assisted in the games with the exception of 1. She was on maternity leave. 4 mini scholarships were awarded to students in the class. We are hoping that more facilities will be open next year so that these numbers can go up.

# Performance Objective 4 Prepare students for graduate and professional programs through engagement and preparatory activities

#### **1** Assessment and Benchmark

Benchmark: 50% of department faculty will work collaboratively with local/regional school districts and other University entities.

1.1 Data
----------

Academic Year	Faculty that worked collaboratively with local/regional school districts and other University entities		Collaborative activities with local/regional school districts and other University entities
	#	%	Oniversity entities
2013-2014	6/10	60.0%	19
2014-2015	5/9	56.0%	18
2015-2016	5/8	62.5%	18
2016-2017	5/8	62.5%	18
2017-2018	5/8	62.5%	20
2018-2019	6/8	75%	22
2019-2020			
2020-2021			_
2021-2022	6/8	75%	20

#### 1.1.1 Analysis of Data and Plan for Continuous Improvement

2017-2018:

Need to increase department involvement via incentives. Also need to make suggestions for some faculty members to go to other programs to help improve our program.

#### 2018-2019:

75% is a is the highest percentage to date. Good trend. Added two new physical therapy clinics as qualified internship sites.

2019-2020:

2020-2021:

2021-2022:

While benchmark was completed, the majority of interactions came from internship sites. The department will develop plans for the 22-23 cycle to improve the interactions with University entities.

#### 2 Assessment and Benchmark

Benchmark: 50% of department faculty will work collaboratively with business/industrial organizations.

# 2.1 Data

Academic Year	Faculty that worked collaboratively with business/industrial organizations # %		Collaborative activities with business/industrial organizations
2013-2014	5/10	50.0%	27
2014-2015	6/9	67.0%	29
2015-2016	6/8	75.0%	29*
2016-2017	6/8	75.0%	31*
2017-2018	7/9	78.0%	33*
2018-2019	8/8	100%	35*
2019-2020	_		_
2020-2021	—	_	—
2021-2022	7/8	87%	30*

\*Including recruiting new internship sites.

#### 2.1.1 Analysis of Data and Plan for Continuous Improvement

2017-2018:

Look to improve processes and procedures within the department. Add internship agreement sites with new health promotion, physical therapy, and athletic training facilities. Most recently added Bayou Rehab to internship rotation.

2018-2019:

Best outcome to date. Added two new physical therapy internship sites.

2019-2020:

2020-2021:

2021-2022:

Benchmark was achieved. Most of the interactions this semester were to reestablish relationships that were put on hold due to COVID and hurricanes.

Plans for the 22-23 cycle include developing mutually beneficial relationships within the area of allied health and health promotions.

#### **3** Assessment and Benchmark

Benchmark: 100% of department faculty will work collaboratively with community service agencies and sponsored events.

3.1 Data

Academic Year	Faculty that worked collaboratively with community service agencies and sponsored events		Community service agencies and sponsored events
	#	%	
2013-2014	10/10	100%	5
2014-2015	9/9	100%	5
2015-2016	8/8	100%	7*
2016-2017	8/8	100%	7*
2017-2018	9/9	100%	7*
2018-2019	8/8	100%	5*
2019-2020	_	_	—
2020-2021	_	_	_
2021-2022	8/8	100%	1*

\*Including Senior Olympic Sponsorship, American Heart Association Heartwalk, and Jump Rope for Heart..

# 3.1.1 Analysis of Data and Plan for Continuous Improvement

# 2017-2018:

Encourage involvement with Senior Olympics and American Heart Association. Recently added Special Olympics Flag Football Championship. Pursue other community endeavors.

# 2018-2019:

Lost American Heart walk as a participating event. Looking for something new for 2019-2020.

2019-2020:

2020-2021:

2021-2022:

Senior Olympics was the only event participated in this cycle. With the return from COVID restrictions and the increased availability of venues, the department is searching for new events or a return to old events that were lost due to the unfavorable environment.

# 4 Assessment and Benchmark

Benchmark: 50% of department faculty will collaborate with school districts and/or community agencies in applying for grants.

#### 4.1 Data

Academic Year	Faculty that collaborated with school districts and/or community agencies in applying for grants		Collaborative grant applications	Grants funded
	#	%		
2013-2014	3/10	30%	5	1
2014-2015	3/9	33%	5	1
2015-2016	3/8	37.5%	5	1
2016-2017	2/8	25%	2	1
2017-2018	3/9	33%	3	1
2018-2019	2/8	25%	2	1
				÷

2019-2020	—	—	—	—
2020-2021	—	—	—	—
2021-2022	0/8	0%	0	0

#### 4.1.1 Analysis of Data and Plan for Continuous Improvement

#### 2017-2018:

Seek to increase participating schools/agencies and faculty participation. Provide in-service for more grant seeking opportunities. Creating MS in Athletic Training will encourage involvement in this area.

2018-2019:

Benchmark not met. Seek to increase participating schools/agencies and faculty participation.

2019-2020:

2020-2021:

### 2021-2022:

Benchmark not met. Focus of department for this cycle was to replace damaged equipment through insurance claims. In future cycles, faculty will be encouraged to renew efforts to seek grants with schools and agencies.

# Performance Objective 5 Demonstrate excellence in teaching in order to enhance student recruitment, retention, and graduation.

#### 1 Assessment and Benchmark

Benchmark: Department of Health and Human Performance faculty will receive Student Evaluation of Instruction (SEI) scores above 4.70 on a 5-point scale.

Prior to 2016-2017, the benchmark was SEI scores above 4.50 on a 5-point scale.

### 1.1 Data

Academic Year	Average faculty SEI
2013-2014	4.71
2014-2015	4.70
2015-2016	4.87
2016-2017	4.83
2017-2018	4.73
2018-2019	4.76
2019-2020	—
2020-2021	—
2021-2022	4.58

#### 1.1.1 Analysis of Data and Plan for Continuous Improvement

#### 2017-2018:

Department raised expected level to 4.70. Score was significantly lowered by one score of 3.81. That faculty member is no longer employed.

Areas of Strength:

- Organization
- Communication Skills
- · Course material in-line with objectives

Areas of Weakness:

· Pertinent/Timely feedback on graded material

Department will emphasis the importance of timely feedback, especially in web-based courses.

2018-2019:

Expectation met. Department scored better than 4.70 on feedback items. SEI questionnaire will be new for 2019-2020. This will be a benchmark setting year.

2019-2020:

2020-2021:

#### 2021-2022:

Since this assessment is based on the same data as the next assessment, we will no longer track this assessment effective with the 2022-2023 reporting cycle.

#### 2 Assessment and Benchmark

Benchmark: Department of Health and Human Performance faculty SEI scores will be above the University average.

# 2.1 Data

Academic Year	Department faculty average SEI	University faculty average SEI
2013-2014	4.71	4.53
2014-2015	4.70	4.52
2015-2016	4.87	4.52
2016-2017	4.83	4.52
2017-2018	4.73	4.51
2018-2019	4.76	4.53
2019-2020	_	—
2020-2021	_	_
2021-2022	4.57	4.49

# 2.1.1 Analysis of Data and Plan for Continuous Improvement

2017-2018:

Department will identify specific areas of weakness and address for improvement.

2018-2019: SEI questions will be revised for 2019-2020, which means new benchmarks.

2019-2020:

2020-2021:

2021-2022:

We remained above the University average of 4.49. For 2022-2023, we will work to address low SEI response rates by having instructors communicate the importance of SEIs in their individual classes.

# **3** Assessment and Benchmark

Benchmark: Department of Health and Human Performance faculty will have a 4.00 average advising score on a 5point scale on their Annual Performance Review (APR).

Academic Year	Departmental average advising	Departmental faculty advisors scoring above target score	
	score	#	%
2013-2014	4.14	7/10	70%
2014-2015	4.14	7/9	78%
2015-2016	4.33	7/8	87%
2016-2017	4.37	7/8	87%
2017-2018	4.39	8/9	89%
2018-2019	4.41	8/8	100%
2019-2020	—	—	—
2020-2021	_		—
2021-2022	3.77	6/9	66%

#### 3.1.1 Analysis of Data and Plan for Continuous Improvement

#### 2017-2018:

Benchmark met. No current faculty members scored below the target score of 4.00. All faculty members will also be required to attend a faculty advising workshop to be held in August, 2018, just prior to the beginning of the next academic year.

The department will be moving to a new building in fall 2018. HHP will need to advertise new advising location.

#### 2018-2019:

Quality and effective advising is priority for new administration. We would like more APR credit given for this area.

2019-2020:

2020-2021:

2021-2022:

Consulted with faculty members who scored below the target score of 4.00 during APR review and discussed strategies to improve. The primary reason the average was below a 4 is due to the recent changes in reporting APR advising for BCOE. Two of the three faculty members who received a 3 was due to this reason.

# Performance Objective 6 Demonstrate commitment to research and creative and scholarly activity.

# **1** Assessment and Benchmark

Benchmark: Department faculty will produce, on average, one publication, one grant, or one conference presentation per faculty member in a calendar year.

# 1.1 Data

Academic Year	Faculty that produced one journal article, one abstract, and one conference presentation		
	#	%	
2013-2014	6/10	60.0%	
2014-2015	3/9	33.0%	

2015-2016	3/8	37.5%
2016-2017	1/8	12.5%
2017-2018	5/9	55.5%
2018-2019	3/8	37.5%
2019-2020	—	—
2020-2021	_	—
2021-2022	6/9	66%

# 1.1.1 Analysis of Data and Plan for Continuous Improvement

#### 2017-2018:

Benchmark not met. Encourage faculty to participate in scholarly activities and remind faculty that this an important part of APR. Plan to hire/promote more faculty to tenure-track positions. Encourage faculty to include more group projects.

# 2018-2019:

Benchmark not met. Moving whole school to new building surely affected this standard. New facilities and equipment should lead to more research opportunities.

2019-2020:

2020-2021:

# 2021-2022:

The number is increasing for this benchmark. We are not at 100% just yet. Working on improving collaborations within the department as well as externally.

# 2 Assessment and Benchmark

Benchmark: 100% of departmental faculty will participate in one professional conference each year.

#### 2.1 Data

Academic Year	Faculty that participated in at least one professional conference		
	#	%	
2013-2014	10/10	100%	
2014-2015	9/9	100%	
2015-2016	8/8	100%	
2016-2017	8/8	100%	
2017-2018	9/9	100%	
2018-2019	8/8	100%	
2019-2020	_	—	
2020-2021		_	
2021-2022	8/9	88%	

# 2.1.1 Analysis of Data and Plan for Continuous Improvement

2017-2018:

Continue to encourage conference participation and professional development in spite of budget shortfalls.

Conferences attended:

- Southland Conference
- National Athletic Training Association
- Louisiana Athletic Training Association

- CAATE Conference-Orlando
- Greater Houston Athletic Training Society (GHATS)-Houston
- Louisiana Association of Health, Physical Education and Recreation

# 2018-2019:

Conferences attended:

- National Athletic Training Association
- Louisiana Athletic Training Association
- CAATE Conference-Orlando
- Greater Houston Athletic Training Society (GHATS)-Houston
- Louisiana Association of Health, Physical Education and Recreation

#### 2019-2020:

2020-2021:

# 2021-2022:

One faculty member did not attend a conference. We will write an EP for next AY to assist with costs of attending. Conferences attended include:

- LAHPERD
- ACSM
- NSCA
- ASN
- Greater Houston Athletic Training conference

#### **3** Assessment and Benchmark

Benchmark: 100% of the department faculty will participate in at least one scholarly activity for the calendar year.

#### 3.1 Data

Academic Year	Faculty that participated in at least one scholarly activity	
	#	%
2013-2014	—	100%
2014-2015	—	100%
2015-2016	—	100%
2016-2017	—	100%
2017-2018	—	100%
2018-2019	—	100%
2019-2020	—	_
2020-2021	_	_
2021-2022	9/9	100%

#### 3.1.1 Analysis of Data and Plan for Continuous Improvement

2017-2018:

Look to improve efforts and encourage faculty to pursue new endeavors. Increase credit give on APR report for those who do multiple endeavors.

Scholarly Activities:

- · Three hold office in professional organizations
- · Five have created/edited books or workbooks
- Three have submitted grants

- Four have presented or published
- Five received endowed professorships

#### 2018-2019:

Look to give more credit on APR for participation. Should lead to more activity in this area. Will consider revising standard to include more scholarly work.

2019-2020:

2020-2021:

2021-2022: Per APR documentation:

- 4 faculty wrote and were awarded EPs
- 6 either published or presented within a professional organization
- 7 presented within BCOE or departmental meetings
- 8 participated in 10 + hours of professional development

#### 4 Assessment and Benchmark

Benchmark: 50% of graduate faculty will apply for grants and/or other means of external funding.

#### 4.1 Data

Academic Year	Graduate faculty that applied for grant/ external funding		Grant applications	Grants funded	Funding attained
	#	%			
2013-2014	2/5	40%	4	1	\$5,000
2014-2015	2/4	50%	4	1	\$5,000
2015-2016	1/4	25%	4	1	\$87,000
2016-2017	1/4	25%	1	1	\$5,000
2017-2018	3/4	75%	4	3	\$6,000
2018-2019	3/5	60%	5	3	\$9,000
2019-2020	—	—	—	—	
2020-2021	—		_	—	
2021-2022	2/4	50%	5	5	\$55,224

#### 4.1.1 Analysis of Data and Plan for Continuous Improvement

#### 2017-2018:

Did meet expectation. Consult with Graduate faculty and seek to increase participating funding activities.

Grants/funding received:

- Juliet Hardtner Women in Science and Technology
- BCOE TASC grant
- · William and Ethel Lewis Burton Foundation
- Vic Stelly Endowed Professorship

2018-2019: Met expectation.

Grants/funding received:

BCOE TASC grant

- William and Ethel Lewis Burton Foundation
- Vic Stelly Endowed Professorship

2019-2020:

2020-2021:

2021-2022: Met benchmark.

Grants/funding received:

- BCOE TASC grant
- Shearman Foundation
- Jack V. Doland Academic Professorship
- Lakeside National Bank EP
- Terry and Vic Stelly EP

# Performance Objective 7 Utilize resources efficiently and effectively to support the university mission.

#### **1** Assessment and Benchmark

Benchmark: 80% of all undergraduate class sections will have enrollments less than 30.

# 1.1 Data

Academic Year	% of undergraduate course sections with enrollment less than 30	
2013-2014	78.8%	
2014-2015	84.15%	
2015-2016	81.6%	
2016-2017	78.9%	
2017-2018	83.7%	
2018-2019	81.1%	
2019-2020	—	
2020-2021	—	
2021-2022	87%	

#### 1.1.1 Analysis of Data and Plan for Continuous Improvement

#### 2017-2018:

Benchmark met. HHP will offer more sections as needed as an effort to keep overall class size less than 30.

#### 2018-2019:

Benchmark met. Increasing students in major and less full-time faculty may result in larger enrollment sizes per class. New facilities should make this an easier transition having minimal effect on student learning.

2019-2020:

2020-2021:

2021-2022:

Benchmark met. Of the 13% of courses that were over 30, more than half (approximately 64%) were offered as a web or web hybrid. Enrollment requirements for online courses are higher than in a face-to-face classroom. Also, several of these courses were placed on a rotation which accounts for some of the increased numbers.

### 2 Assessment and Benchmark

Benchmark: 95% of all graduate class sections will have enrollments less than 20.

# 2.1 Data

Academic Year	% of graduate course sections with enrollment less than 20	
2013-2014	92.8%	
2014-2015	76.92%	
2015-2016	81.3%	
2016-2017	85.7%	
2017-2018	95.2%	
2018-2019	83%	
2019-2020	—	
2020-2021	—	
2021-2022	97%	

#### 2.1.1 Analysis of Data and Plan for Continuous Improvement

#### 2017-2018:

Benchmark met. 40 of 42 sections had less than 20 students. HHP will continue to look to decrease class size by adding graduate faculty and offering smaller classes with more sections. There are challenges in finding PhD-qualified faculty to teach these graduate courses.

#### 2018-2019:

Benchmark met. Adding graduate faculty should help keep this trending positively.

2019-2020:

2020-2021:

2021-2022:

Benchmark met. This trend will likely remain high. Students in the graduate nutrition program are no longer required to take any of the graduate HHP courses.

# **3** Assessment and Benchmark

Benchmark: 90% of all course sections will be taught by full-time department faculty.

# 3.1 Data

Academic Year	Course sections taught by full-time department faculty		
	#	%	
2013-2014	148/166	89.1%	
2014-2015	148/166	89.1%	
2015-2016	199/214	92.9%	
2016-2017	182/207	87.2%	
2017-2018	227/239	94.9%	
2018-2019	219/240	91.6%	
2019-2020	—	—	
2020-2021	—	—	
2021-2022	231/245	94.3%	

3.1.1 Analysis of Data and Plan for Continuous Improvement

2017-2018:

Benchmark met. Adding full-time faculty did help. Look for ways to add sections to full-time faculty. Understand budget constraints lead to less full-time faculty.

2018-2019:

Benchmark met. Added more part-time faculty to teach specialty courses within concentrations.

2019-2020:

2020-2021:

2021-2022:

Benchmark met. Currently searching for a full-time faculty member to add to staff by filling a previously vacated position to help relieve current faculty overload.

#### 4 Assessment and Benchmark

Benchmark: Average class size for all levels of instruction will be less than 20.

4.1 Data

Academic Year	Average class size	Total # of students	Total # of sections
2013-2014	18.7	_	—
2014-2015	15.26	_	—
2015-2016	16.67	_	—
2016-2017	16.16	1730	107
2017-2018	15.02	3604	240
2018-2019	15.08	3515	233
2019-2020	—	—	—
2020-2021	_	_	_
2021-2022	11	2672	245

#### 4.1.1 Analysis of Data and Plan for Continuous Improvement

2017-2018:

Benchmark met. Aggregated all classes from summer, fall, and spring. Offered more sections of high volume classes.

2018-2019:

Benchmark met. Smaller activity classes and larger academic classes resulted in about the same average.

2019-2020:

2020-2021:

2021-2022:

Benchmark met. Smaller graduate course loads resulted in lower average.
